The Private Branch Exchange System of supplying **TELEPHONE SERVICE** is particularly adapted to the requirements of **LARGE HOTELS** and **APARTMENT HOUSES**

By means of a Private Branch Exchange the general telephone service, local, suburban and long distance, is available in every room and apartment. A complete interior service is also supplied, adding largely to the efficiency, and decreasing the cost of the hotel service proper. No modern Hotel or Apartment House should lack a

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

It has never been necessary to sell "Taylor Old Style" roofing tin for less than it was worth in order to sell it.

N. & G. TAYLOR COMPANY
ESTABLISHED 1810
Philadelphia

"Rufus the Roofer" is a breezy booklet, in which the roof question is threshed out in a new vein. It will be sent to anyone on receipt of ten cents in stamps, and is worth more than that simply as entertaining reading.

Vol. LXXIV. October 1, 1904. No. 1907.

THAT general financial conditions are much more favorable to real estate than they have been, is a matter of common knowledge; but it is interesting to observe how far these favorable conditions are influencing the amount of money actually put out on bond and mortgage. Money has been easy throughout the entire summer; and the prices of real estate on the Stock Exchange have been constantly improved by this circumstance; but it is only very recently that the easier money market has had any conspicuous effect upon the amount of money loaned on real estate. During July and August the figures for 1904 did not vary materially from the figures for the corresponding period of 1903. Last year, for instance, there was, during July and August, $10,782,000 loaned on real estate at five per cent., while during the same months of the current year the amount had increased only to $11,154,200. In July and August of 1903 $15,784,900 were loaned at less than five per cent, against about $14,300,000 for the corresponding period in 1904. In the same way financial institutions loaned a little over $16,000,000 on real estate in July and August of last year, and just about $15,000,000 during July and August of this year. It was only in six per cent. money that any conspicuous change took place. In the two months of 1903 about $10,500,000 was placed at more than five per cent. interest, while in 1904 the money loaned at the same right rates amounted to $17,500,000. This increase of $7,000,000 in the amount of money loaned at over five per cent. interest, shows, of course, not that money was more valuable, but that more of it was advanced to the builders of tenement houses. When we come to the figures for the money loaned in September, however, a very different showing is made. During the first three weeks of this month in 1904, there was $3,141,000 loaned at five per cent, $7,868,000 at over five per cent., and $5,802,000 at less than five per cent., while the corresponding figures for 1903 were $2,215,000 at five per cent., $2,533,000 at over five per cent., and $1,599,000 at less than five per cent. Furthermore, while according to the mortgages recorded, financial institutions loaned $8,576,000 during the three weeks of 1904, they loaned only $2,547,500 during the corresponding three weeks of 1903. Of course, we are now entering on a part of the year when conditions were extremely adverse in 1903, and this fact has much to do with the favorable showing which the September figures make. Nevertheless there can be no doubt that the easier money market is really beginning to have effect upon real estate transactions.

REAL ESTATE transactions continue to be very numerous; but their character is not very varied. It is the tenement and apartment house which continues absolutely to dominate the situation. The trading in tenement houses is taking on proportions similar to those of last year, and it looks as if the professional operators would find opportunity to keep up the speculation in these properties which swelled the total number of transactions last winter to such large totals. The great difference, however, between the two years consists in the much greater demand at the present time for unimproved property. This demand is at the present moment very conspicuous in Manhattan as well as in the Bronx; but the parts of the city which it chiefly affects are those which are already improved to a very considerable extent. Thus the upper end of 8th av has been much in evidence, as well as Amsterdam av, in the vicinity of 125th st. At least one large transaction was also scheduled for Riverside Drive. Undoubtedly a great deal of building will be done on the West Side during the coming year, chiefly in the way of apartment-houses of a high class. Large transactions of any importance are still scarce; but there is every promise that they will become more numerous. The prospective sale, for instance, of several car-barn sites by the New York City Railway Company will offer excellent opportunities for large speculative transactions on the part of the big realty companies; and these companies will be in a better position to swing such transactions than they have been for more than a year. The improvement in the stock market makes an important difference to such corporations. The securities of the United States Realty & Construction Co. have been sharing in the advance, and the five per cent. bonds of that company are now selling at a much better price than formerly. Considering the assets and the earning power of the company, these bonds should be worth every dollar of par, and when they reach that level, as they will in case general conditions continue satisfactory, the company will be in an excellent position to raise the fresh supplies of capital which the proper conduct of its business demands. Two building operations will result from two sales in the Broadway wholesale district, one on the corner of Great Jones st and one near Canal st, while another transaction of considerable interest is the purchase of the northeast corner of 23d st and 9th av, 22x65, for $65,000—an extremely good price.

FROM the speculative standpoint the current stock market is extraordinarily interesting. It affords unusual opportunities for a shrewd operator to make money, and for a less shrewd operator to lose it. The fluctuations are considerable, and one stock after another comes to the front, and is generally forced up to a higher level. During the past week it has been the Steel stocks which have received most attention. Until recently they have lagged behind the railroad stocks in the advances they have made; but during the week the preferred has sold for over 72, and the common has risen in sympathy. How far the advance is justified by the actual improvement of the steel manufacturing business, and how far it is simply a bold and clever use of the speculative situation, it is too early to say. It seems certain that a genuine improvement in the trade situation has taken place, and that there is no danger of any diminution of the dividends on the preferred stock in the near future. On the other hand, considering the prices of steel products and the increase of competition, the big steel corporation cannot expect to earn a very large surplus over its dividend disbursements. That in case the company carries out a conservative policy, and accumulates as large a cash reserve as it can, the preferred stock will eventually be worth more than 72 is sufficiently plain; but the immediate situation is distinctly precarious. In this case, as in other cases, the evidences of manipulation are so plain that it is a good market to let alone, except by people who are not very sure of their footing. Prices may be forced further up, but, on the other hand, they may also suddenly collapse. The interests which are behind the speculation know what they are about, and will doubtless make money for themselves. They are not making money, however, for many other people, and an outsider will do well to wait until something other than speculative conditions again assume control.

THE RECORD AND GUIDE suggested some years ago that New York should not allow the third centennial anniversary of the discovery of the Hudson River to pass without commemorating in some adequate way an event of such local importance. Since then, Mr. Eben Olcott has applied himself seriously to the task of arousing public sentiment in favor of an appropriate and sufficient memorial; and the scheme which has met with most cordial acquiescence is that of building a Hudson memorial bridge over Spuyten Duyvil Creek. This is an excellent as well as a thrifty suggestion. The proposed bridge would constitute an appropriate memorial, because of the admirable view of the Hudson which it would command, and because of the opportunity which the site would afford for a handsome monumental structure. But the project has the additional advantage of not calling for the spending of several million dollars on a monument which would be merely a memorial and, perhaps, an adornment to the city. A bridge stretching from Inwood Heights in Manhattan to Spuyten Duyvil Heights in the Bronx, is as much, or more, of an economic necessity as the Manhattan viaduct. It is necessary to free communication between Washington Heights and the Bronx, and the necessity will in a few years become pressing. The whole district surrounding the proposed bridge will, by the time of its proposed dedication in 1909, be in large measure built over, so that it will be indispensable to the convenience of many thousand people. Furthermore, the proposed bridge will, of course, form a link in the handsomest and most beautiful driveway which the city will possess, if not, indeed, one of the most beautiful driveways in the world. It will connect with Boulevard Lafayette on the south and with Spuyten Duyvil Parkway on the north, and will

in this way form the best route between the park systems of the two boroughs. The city authorities have already practically acquiesced in the plan by appropriating $10,000 for the expense of borings and preliminary surveys; and they should continue to push the scheme forward with both expedition and liberality. The bridge should be worthy of its site, and the event which it will commemorate, and the city which pays for its construction.

A New Use for An Old Structure.

COINCIDENT with the announcement which appears to be final, that the subway will be opened for traffic on October 27th, the officials of the Interborough Company suggest a change in the traffic management of their system, which if attempted, should prove to be of the utmost importance. These officials are now studying the feasibility of running, during the rush hours, all the East Side express traffic over the Second Avenue structure, and of keeping the Third Avenue structure exclusively for the local passengers. It is even suggested that during the morning hours both the tracks on Second Avenue be given up to south-bound express trains, while during the evening hours the north-bound express trains will have the same right of way. Of course these express trains would travel as far north as Bronx Park over the subway viaduct system, and the Second Avenue line would thus become the express route for the whole of the eastern part of the Bronx.

Whether or not this idea actually proves feasible, it certainly possesses great advantages. The existing express service both on the Second and Third Avenue lines is extremely unsatisfactory. Not only does it save comparatively little time, but it is often attended with considerable delays. In as much as nothing can be done to improve it radically, until an East Side subway is built, except by means of some such arrangement as this, it is very much to be hoped that the arrangement will prove practicable in other respects. It will give the inhabitants of the Bronx and of the East Side of Manhattan as far south as One Hundred and Tenth Street an express service superior both in volume and speed to that now enjoyed by the West Side; and it will consequently decidedly ease traveling conditions in that part of the city during the years that must elapse before the proposed new East Side subway is completed. To the people who now depend on the elevated roads it will be an unqualified boon, while the Bronx residents along the line of the new subway viaduct will obtain an express service at least as good as that which they could get by means of the West Side subway. The only people who would suffer by the change are the residents east of Second Avenue and south of One Hundred and Tenth Street, who might wish to travel up and down town during the rush hours. They would be obliged to walk somewhat further and to take the Third Avenue instead of the Second Avenue trains. But the number of people inconvenienced in this way would constitute only a small proportion of the people who would be benefited.

This proposed redistribution of the express traffic suggests very plainly the arrangement which must eventually be made to give the residents of the eastern half of the Bronx the express service which they need. It is a waste of time and money to carry these people along Second Avenue over to the West Side of Manhattan in order to transport them to the City Hall. Furthermore, the proposed Lexington Avenue route will not fill the bill because Lexington Avenue is not wide enough to accommodate more than three tracks, whereas even at the present time two express tracks are needed for the proposed express service alone, on the Second Avenue elevated structure. What the Bronx will require will be a four-track subway on First Avenue, which can be used to both for local and express trains, and which, together with the Second Avenue structure, will provide the Bronx with a good southerly connection for many years to come. The Rapid Transit Commission have not yet decided to spend the money needed for such a subway; but they will have to come to it very soon—particularly as it would have the additional advantage of relieving the congestion on the East Side of Manhattan. As for the West Side subway, it will have all that it can do in accommodating the traffic proper to its own territory. The population from which this traffic will be derived has not been increasing so very fast of late; but it will increase with enormous rapidity in the near future. The times are ripe for the spending of very large sums of money on Washington Heights during the coming spring and summer, while the development of the district tributary to Jerome Avenue will proceed even more rapidly as soon as the construction of the elevated road on that thoroughfare begins.

In case the Second Avenue elevated structure is used during the rush hours for express trains exclusively, its successful adaptation to this new employment will be an interesting illustration of the flexibility of our system of elevated roads. When we remember that these structures were constructed originally for the accommodation of trains containing not more than five cars, and that nobody thought of providing adequate accommodation for an express service of any kind, it is extraordinary how much has been done to make the service adequate to the new requirements. This same structure will soon be accommodating trains of seven cars, which are run very much more rapidly than was originally intended. Of course, the express service has been only a make-shift; but it has nevertheless served an extremely useful, or rather an absolutely necessary purpose. The Bronx and Harlim could not have been built up as much as it has been without this make-shift service; and even those who have suffered most from it, must be very grateful that it has somehow been made possible. What would Manhattan have done without it?

IT is a pleasure to see the City Hall Park relieved of the refuse and encumbrances which have so long disfigured its appearance and interfered with its use. Its better and cleaner appearance suggests again what a boom it will be when the park is cleared of the several buildings which deprive the City Hall of its proper surroundings and effect. It will be a good many years, of course, before it will be possible to tear down the Court House; but the great improvement which was effected by the destruction of the Hall of Records, suggests that no delay should be brooked in obliterating all traces of the two brownstone buildings which remain in the park. The one to the east, particularly, should come down immediately. A slice of it was cut off when the subway was run through its foundations; but for some reason the other slice was allowed to remain, and its empty face boarded with clap-boards. The effect of the dingy old brownstone building with its side of clap-boards, is positively grotesque. It would be grotesque on any site, and wholly unworthy of a city like New York; but it is a criminal absurdity in the most frequented and conspicuous small park in the city. Its destruction will enable the new Hall of Records to be very much better seen; and if it is standing when that building is opened for use, the officials responsible for its preservation should be indicted—by the newspapers.

A Vital Point in Fireproof Construction.

To the Editor of THE RECORD AND GUIDE:

Apropos of the discussion of the proposed fireproofing ordinances which has been carried on in your columns, permit me to add just a word. The advantage gained by the use of the so-called fireproof trim and flooring have been over-estimated by reason of the fact that proper account has not been taken of the relatively small proportion that these bear to the entire inflammable material that goes to make up a furnished building. It is safe to say that in the average steel-frame structure the wood work which forms part of the building itself is less than 20 per cent. of all the inflammable material which its walls enclose, the other 80 per cent. being furnishings, such as desks, tables, shelving, files, papers, etc., and stored articles. A law prescribing fireproof trim in offices and lofts filled with inflammable stuff, hardly touches the case, except as it entails the fireproofing of wood work in the public halls, and this is the point to which I wish especially to call attention.

In our ocean liners a great deal of attention is given to subdivision into watertight and fireproof compartments, so that flooding or fire may be localized. In our buildings this is rarely considered. Many of our fireproof structures are so arranged that fire in any one suite of rooms is quite sure to be communicated to other suites or public halls by inflammable doors and trim. Then to aggravate the matter, carefully planned fire-flues, ostensibly for elevator service connect each public hall with every other, so that the fire has the best possible chance to spread from floor to floor. The writer has in mind a typical case where in one of the finest and presumably one of the most fireproof buildings in the city, the elevator shafts are practically unenclosed from engine room to roof, and adjacent to these shafts on each floor are mahogany door trims and doors communicating to the offices. On almost any day and any time of day a strong draught of air passes up these shafts, such that fire originating in any one of the hundred or more offices stands a most excellent chance of passing to every other.

Every building at all worthy of the title "fire-resisting," should be divided into fireproof units, so that fire may be absolutely confined to the vicinity of its origin. A building with wooden floor joists, stud partitions and wood furring, if it shall but have its doors which open into public halls, metal covered or otherwise fireproofed, and its elevator shafts properly enclosed, is incomparably better than one such as just described, although constructed of hundreds of tons of steel and fire clay blocks.

The vital point that an ordinance should seek to cover is the segregation of the parts of every building; the protecting against fire of a small portion of the inflammable material in these parts is comparatively a minor consideration.

WM. O. LUDLOW.

Conditions as House Hunters Find Them.

THE CITY AS A WHOLE WELL RENTED.—IN THE BRONX NO VACANCIES EXCEPT IN RARE CASES.

The coming and going of furniture vans in unusual number during the week has signalized the arrival of the semi-annual moving season, marking the close of an active renting campaign for owners and agents. From all reports there is less changing about this fall than is customary, owing to a lessened opportunity of securing better quarters for equal or lower rentals. Of course there are vacancies, and in the aggregate many, but it can be said as a general preliminary that the city on the whole is well rented. This applies to Brooklyn and the Bronx, as well as Manhattan.

For the medium and better class of apartments, in Manhattan, their seems to have been a requirement exceeding the number available. When the best class of apartments is considered, everything depends, it need not be said, upon willingness or ability to pay. In this congested city there are certain recognized standards of living, and every house built to sell or rent makes its appeal to a certain standard and to a corresponding portion of the population. It is not a matter of so many apartments for as many families in the aggregate, because New York is ever overflowing; it is rather a process of adjustment and a question of how much a family will stand for in return for the privilege of living here. The pressure from below drives nearly everybody into consenting to pay something more than he ought, in order to measurably satisfy his pride or accommodate his feelings. Throughout the borough it is generally said that flats are better rented than ever before, and that dwellings of moderate rental value are too few in number to accommodate all who would hire them.

DRIFTING FROM THE FIFTH AVENUE SECTION.

J. Jordan Hopkins, of 481 Fifth av, has noticed considerable drift to country properties from that quarter of the city, by families of both large and small means. Also, a shifting of residence by those desiring to obtain houses at $2,000 to $3,000 to the section west of Central Park and north of 70th st, caused by a rise in residential property. For houses which formerly rented for three thousand to thirty-five hundred owners are now asking four thousand to forty-five hundred. Mr. Hopkins added: "The supply of apartments seems adequate to meet the demand, although there has been very little, if any, softening in rentals. The number of buildings completed, outside of a few large undertakings, have been small owing to the fact that owners are unwilling to begin operations on account of the unsettled condition of affairs in the building trades. The condition of the loan market has also been detrimental to any great activity.

"The demand of high-class retail business establishments for places on Fifth av, between 23d and 47th sts, has been such that the rents have remained firm and in a number of instances, somewhat increased. This has caused a number of smaller establishments which formerly occupied places on the avenue to remove to the side streets as their leases expired. This movement to the side streets has increased the demand and caused a rise in rentals. This is particularly the case in such streets as 32d and 39th sts, where special lines have chosen to locate, such as ladies' tailors and kindred lines in 39th st. The increase in rentals in general has been warranted, but in many instances the owners, anticipating an even greater demand, have placed the rental somewhat in excess of what is warranted by present business conditions."

HARLEM CONDITIONS.

At Wilcox & Shelton's in West 125th st, it was said:

"There has been little increase of rent this season over last, but the increase planned for and called for during the last twelve months is made good and justified by the excellent demand for improved property in this part of the city. Have heard of no sign of falling away from the prices asked within the last year. There has been less moving during the summer and fall than was the case up to one year ago. Small apartments are in great demand and are not sufficient for the supply. Except in large apartments renting from $50 per month up, there are fewer to rent than one year ago. Very few new buildings have been made ready for occupancy. I should say that the advance in rents for private houses within the last eighteen months has been on the average 10 per cent. and for apartments renting for less than $50 per month, 10 to 15 per cent."

Mr. E. J. Kehoe, of 125th st, has noticed that flats of five, six and seven rooms are scarce in Harlem. The usual rent for a five-room flat in good location but without elevators, is, he said, from twenty-two to twenty-five dollars. First-class private houses are also scarce.

HIGH RENTS IN 125TH STREET.

A surprising number of stores are vacant along 125th st, which can only be accounted for on the assumption that the owners have overestimated their rental value. Last May the actual increases were enormous. As a rule, in 125th st, from Lenox av to Broadway, a store and basement 20x80 rent for about $5,000 annually on a lease from three to five years. Stores with 12.6 ft. frontage within the same blocks rent for from $2,500 to $3,000 yearly on three to five year leases. Upper, or what is termed "parlor floors" of full size rent for from $1,000 to $1,200 annually. Davis & Solomon, who were paying $9,000 a year for a store 50x80, agreed to an increase of $2,000. Increase of rental was demanded for the store at the southeast corner of 8th av and 125th st, but it was refused. The tenant pays $6,500 annually, which is almost fifty per cent. more than the inside store adjoining it.

THE PROPOSED HUDSON MEMORIAL BRIDGE.

ON WASHINGTON HEIGHTS.

When the city is geographically considered, Washington Heights is probably the best-rented quarter. Washington Heights lays claim to a certain exclusiveness, which appeals to families just in from the country, to whom the heart of the town is smothering. The section is getting some very nice improvements this year. On the beautiful elevation at 140th street and St. Nicholas avenue five impressive buildings are rising for the College of the City of New York, and in 139th street a new fire engine house, and a new pavilion is just finished for the Montefiore Home for Chronic Invalids. In 141st street, between Convent avenue and Amsterdam avenue, a row of exceptionally inviting dwellings is being finished, and another row is just started. In 146th, 147th and 148th more new work can be seen, and in 155th street a fine new church and Sunday-school for the North Presbyterian congregation. In 161st the North Riverside Drive Improvement Company is erecting ten dwellings.

At Duff & Brown's 1715 Amsterdam av, Mr. Babcock said: "We take care of 105 houses, and in all that number we haven't ten apartments vacant. We have no flat of any kind. Speaking comparatively, there have not been many changes this season, as most people found that they could not better themselves. We have rented 32 private dwellings since the first of August. As a matter of fact, medium price private dwellings renting from a thousand to thirteen hundred dollars have not been built fast enough to supply the demand. So far as I have observed, there seems to be more people moving into town than are changing about in the town. In the block where we have our office no tenant has moved in two years. In a seven-story house we raised the rent on everybody, and had seven vacancies, all of

which have been filed. The flats in that house bring from six to nine hundred a year."

VACANCIES FEW IN THE BRONX.

J. Clarence Davies, speaking of conditions in the Bronx, said: "The rental conditions in this sections have never been better. There are practically no vacant apartments except in buildings just erected, and these are rapidly filling up.

"Apartments renting from $14 to $16 are all filled and there are none being built, and this class of property is what we are in need of the present, the supply being inadequate. There has been no marked increase in rentals this fall, and slight shifting of population, owing, we think, to the election. The greatest demand outside of the cheap apartments, is for $17 to $20 apartments in two or three-family houses.

"There are no vacancies except in rare cases and while there were many new buildings started in the late spring there are very few of them ready for occupancy. The ordinary rents for five rooms and bath in our section has been from $12 to $16. These same apartments now rent for $15 to $19, an increase of 20 per cent to 25 per cent.

"In general we can say, the Bronx is growing very rapidly in population and the increase in values has hardly kept pace with the growth of population, and only in certain sections has the building of the Rapid Transit had any marked effect."

Mr. Edward Polak, of 4030 Third avenue, remarked: "Nothing unusual has occurred in the Bronx other than it was in the last six months. Rents still hold firm and flats are generally filled, notwithstanding the fact that a number of new buildings have been erected. The supply of apartments is inadequate. Many people from Manhattan would be glad to live in the Bronx if proper apartments could be found for them. There have been a number of new buildings finished and they are in almost every case filled. The rent rates for apartments in my section is about $4 a room, without steam, and about $4.50 with steam. The increase in rents over former years is about 30 per cent.

"Although the condition of the Bronx has improved greatly this past year, the outlook for the next year is still more encouraging. With the rapid transit running, thousands of people will turn their faces northward to the Bronx. The values of real estate in the Bronx are undoubtedly increasing as there have been more buildings erected and more transferred than ever before. The population is increasing at a very rapid rate, thus assuring to the borough of the Bronx a staple and permanent value in real estate."

WEST SIDE.

Charles S. Kohler states that he has one seven-room steam heated flat left and that renting was never better.

Gibbs & Kirby have about ten vacancies out of a large number of houses.

Paul Meyer reports that he had only fourteen vacancies in thirty-five houses and that they are now all rented, in the majority of instances at increased rentals, and he thinks that this result was obtained by liberal management of his houses.

F. R. Wood & Co. say they have very few dwellings and practically no apartments left for rent, that the renting season has been better than ever before.

Frederick Zittel reports a like condition in the several sections of the city in which he has apartments for rent.

Jesse C. Bennett reports that there has been a marked improvement in the demand for dwellings to rent in desirable locations on the West Side, and that an advance of from 10 per cent to 15 per cent has been very generally made in the section west of Broadway. He attributes this to the better transit facilities now being given by the surface line, and that to be had from the underground road. Apartments renting from $45 to $60 a month have been increased 10 per cent and the higher class apartments something over 5 per cent.

A. M. Cudner, of West 23d st, said: "From my observation, I would say that the conditions prevailing this Fall, in our section of the West Side, are the natural result of the law of supply and demand. For private houses, apartments and business houses, the demand has been large and the supply very small, and rental values have increased. The tendency to migrate to the suburbs has been less marked than usual this year."

North Side Real Estate Brokers.

A number of meetings of real estate brokers in the Bronx have been held with a view to forming a local board for the better government of the business. A proper desire to give every practitioner an opportunity to be heard in the preliminary consideration of plans has deferred the election of permanent officers until a later date, and a final determination of fundamental principles until now. The following committees had been appointed: On Organization: J Clarence Davies, Henry Hass, John Reiss, Virgil T. Hervey, Walter Whewell. On By-Laws: Morris Marx, William Stonebridge, F. A. Kurz.

Another meeting in pursuance of the object was held at the office of the North Side News on Wednesday evening, Sept. 28. The brokers present were: B. F. McQuay, J. Clarence Davies, Morris Marx, C. C. Hottenroth, Walter Whewell, Virgil T. Hervey, S. Brenner, William F. Olpp, George Price, Adolphus T. Sieker, Joseph F. Vion, M. A. Powers, D. Hoexter, William A. Huntress, F. J. Wood, M. Goldberger, George Chappell, William Stonebridge, Charles Jungman, Thomas H. Thom, H. Kahn, John Reiss, Emil Sorgenfrei, Louis Reiss, William Peters, Harry Rolph, Samuel E. McRickard, Julius H. Haas, Leo M. Mauser, J. E. Machlet, Charles E. Weber, J. H. Green, C. F. Sharrot, Wallace M. Thom.

The meeting was called to order at 8.30, and Mr. McQuay acted as chairman. Mr. Marx then made an address, in which he outlined the benefits of a local board. J. Clarence Davies, chairman of the organization committee, reported the progress of the committee. The constitution was read and adopted, after the several sections had been discussed. There was at first a slight difference as to what the organization should be called, but the name finally decided upon was "The Association of Bronx Real Estate Brokers." An annual meeting is to be held the third Tuesday in November, when a new board of governors will be elected. Any real estate broker or agent with a business in his own name, uncommissioned, or member of a firm, or officer of a corporation, is eligible to membership. Other business was the appointment of a committee to investigate the business of all applicants for membership. All brokers present were requested to leave their names, which will be considered as an application by the committee who will investigate.

J. Clarence Davies is strongly in favor of the movement, saying that his experience in the Manhattan board has convinced him that, while it may be impossible to correct all the abuses and give full protection, much benefit can be derived from mutual acquaintance.

Proceedings for a New West Side Park.

In the Board of Estimate, yesterday, a hearing was accorded on the subject of laying out a park between West 27th and West 28th sts, upon the recommendation of the local board of the Chelsea district, which had previously given a hearing also. There have been a number of movements to establish a park in this neighborhood, and Chief Engineer Lewis had counseled the board that the park is already laid out on the map of the city; but the official records aver that the park was erased from the map by order of the Board of Public Improvements in the year 1898.

On April 9, 1896, the Board of Street Opening and Improvements, acting under the provisions of chapter 911 of the Laws of 1895, considered a proposition to lay out a public park in the block bounded by West 29th and West 30th sts, 9th and 10th avs. The New York Central and Hudson River Railroad Company protested against this action, this block being occupied by them for railroad purposes. The Corporation Counsel, in an opinion dated April 20, sustained the points raised by them. This opinion was presented to the Board of Street Opening and Improvement at a meeting held on May 8, 1896, and at that meeting the board adopted a resolution laying out as a public park the block bounded by West 27th and West 28th sts, 9th and 10th avs.

Subsequent to the action of the Board of Street Opening and Improvement, and before the resolution of the Board of Public Improvements above referred to, the first Greater New York Charter had become a law. While this Charter gave full authority to the Board of Public Improvements to change the map of the city of New York, it specifically directed how such changes might be made. Section 436, which corresponds with section 442 of the present Charter, directed that a public hearing should be given, which should be advertised for ten days, and that if the board concluded to change the map of the city, its resolution should be transmitted to the Municipal Assembly, the approval of both branches of which by a two-thirds vote was required to make the change effective. No hearing was given, and no notice of the proposed action by the board appears to have been published, and the resolution was not presented to the Municipal Assembly for its concurrence.

The assessed value of the real estate included in the block is $963,000, and there is a public school within the limits of the proposed park; otherwise the block is occupied by tenement and commercial buildings.

The name proposed for the new park is "Chelsea Park." At yesterday's meeting, Alderman Dowling and others spoke in favor of laying out the park, and the board practically promised to approve it, though no definite action was taken.

Second Outing of Building Department Employees.

The second summer outing of the employees of the Building Bureaus of the several boroughs of the city was held on Sunday last at Roton Point, Conn., and was enjoyed by a throng of the good fellows who make up the membership of the "Associated Bureaus Employees," as the prosperous guild is called. There was fun a-plenty for everybody. The athletic enthusiasts, of whom there are a goodly number, amused themselves with baseball and the livelier football, and scores availed themselves of the ideal weather to take a swim in the water of the sound, previous to the great event of the day. That event was the serving of the champion clambake, a savory creation of rare excellence and varied parts, bounteous in its prolonged extent, and to which complete justice was done by all the feasters.

A delightful homeward sail was the picturesque finishing feature of the successful affair. This was the efficient Outing Committee that planned all the enjoyment: Herbert W. Smith, Manhattan, chairman; John A. Hamm, Brooklyn; John P. Boyle,

Bronx; William A. Drinnen, Richmond. Auxiliaries: Thomas Byrnes, Orlando B. Flynn, John J. Dolan, Albert Lexutt and Owen B. Maginnis, president of the Employees' Association—all active members of Superintendent Hopper's Manhattan staff. Among the invited guests were Superintendent Hopper and his deputy, John L. Jordan, and Chief Inspector Bernard J. Gorman, Chief Inspector John Levy of the Tenement House Department, Former Superintendents Thomas J. Brady and Perez M. Stewart, Peter J. Collins, Brooklyn's superintendent, and David Canavan.

Gossip of the Week.

The sale of the northeast corner of Broadway and Great Jones street to Philip Braender, who will improve it with a modern mercantile building, is the leading item of the one hundred and twenty-seven reported for both Manhattan and the Bronx. In fact, it is the first sale in many months on Broadway, and with the exception of the Wanamaker store, will be the first improvement projected for Broadway between Bond and 14th streets in about two years. The sale of 414 Broadway, just below Canal street, is also reported. With these two exceptions, the market was restricted to the usual speculation in flats and tenements and lots suitable for improvement with that class of structure.

SOUTH OF 59TH STREET.

28TH ST.—Peter G. Staffers has sold to Daniel S. Dryer 345 West 28th st, a 4-sty flat, on lot 18x98.9.

9TH ST.—Cohen & Aaron have bought 619 East 9th st, 4-sty front and rear tenements, on lot 25x92.

Rumor of a Sale on Lower Broadway.

BROADWAY.—The Central Trust Co., as trustee of the Southack estate, is reported to have sold 194 and 196 Broadway, two 5-sty buildings on a plot 47x161.8, adjoining the northeast corner of John st. The property belongs to the Southack estate. At the office of the Central Trust Co. inquirers were referred to Elliott & Jaffay, agents of the building.

50TH ST.—Charles J. Wittenberg has sold 31 West 50th st, 4-sty and basement brownstone front dwelling, on lot 19x100.5. Columbia College leasehold, to August P. Montant.

The Lenox av plot to which the company still holds title, is under contract to Mandelbaum & Lewine, and it is said that title will shortly pass.

Elevator Safety Test.

A test was made on September 24 at the United States Appraisers' Stores, Philadelphia, of the Pratt Elevator Safety. The test was made at the solicitation of the municipal authorities and proved eminently successful. It was made under the personal supervision of Engineer Charles R. Pratt, of New York, the inventor of the device. The elevator was suspended 2.6 feet below the third floor landing. When the rope was cut the car and load weighing 8,000 pounds, dropped to a distance of 7.6 feet below its original position. The second test was made on an elevator containing twelve persons. It came to a stop in eleven seconds, having fallen but 6.10 feet. The jar was almost imperceptible. As a result of the highly satisfactory test, the Philadelphia municipal authorities have officially accepted the use of the Pratt Elevator Safety, as the subjoined communication will show:

Department of Public Safety, Bureau of Building Inspection, Rooms 313, 315, 317 and 319, City Hall, Philadelphia, Sept. 20, 1904.—David J. Smyth, Director; Robert C. Hill, Chief of Bureau.

The Pratt Safety Device No. 1 for elevators, having passed satisfactory tests as to its usefulness, is accepted by this Bureau, in lieu of elevator-air cushions, where the same can be satisfactorily installed.

(Signed), ROBERT C. HILL, Chief.

—At this season of college openings attention is called to the new work under way for our City College at Amsterdam av and 139th st and for Columbia University at Amsterdam av and 116th st. For the former there will be a group of five, three of which are now in course of construction. They are the gymnasium and the science building, the walls of which have reached nearly to the roof line, and on the north side of 139th st, the liberal arts has just been started. Although the corner stone of the main building was laid last fall little has been done beyond the foundations. For the fifth building, on St. Nicholas Terrace south of the main structure, drilling and blasting are still under way. At Columbia the two new dormitories are furtherest advanced, though the new School of Mines on the Broadway side has been started, and the corner stone of the chapel on the Amsterdam av side has been laid.

One More Fireproofing Ordinance.

Another twist has been put into the fireproofing legislation before the Board of Aldermen, by the appearance of a substitute for the ordinance introduced on August 9. The substitute was reported from the committee on buildings at the regular meeting of the Board of Aldermen this week, and was by vote of the board laid over. It will come up for final passage probably at the next meeting. The substitute is as follows:

"An ordinance to amend section 105 of the Building Code, relative to fireproofing buildings. Be it ordained by the Board of Aldermen of the City of New York, as follows: That section 105 of the Building Code of the City of New York is hereby amended to read as follows:

"Section 105—Fireproof Buildings. Every building hereafter erected or altered, to be used as a hotel, lodging-house, school, theater, jail, police station, hospital, asylum, institution for the care or treatment of persons, the height of which exceeds thirty-five feet, excepting all buildings for which specifications and plans have been heretofore submitted to and approved by the Department of Buildings, shall be built fireproof, that is to say, they shall be constructed with walls of brick, stone, Portland cement, concrete, iron or steel, in which wood beams or lintels shall not be placed, and in which the floors and roofs shall be of materials provided for in section 106 of this Code. The stairs and staircase landings shall be built entirely of brick, stone, Portland cement, concrete, iron or steel. No wood work or other inflammable material shall be used in any of the partitions, furrings or ceiling in any such fireproof buildings, excepting, however, the inside window frames and sash, doors, trims and other interior finish when filed solid at the back with fireproof material, and the floor boards and sleepers directly thereunder may be of wood covered with metal, or of wood treated by some process approved by the Department of Buildings, or other public authorities now having jurisdiction in such matters, to render the same fireproof, but the space between the sleepers shall be solidly filled with fireproof materials, and extend up to the under side of the floor boards. The outside window frames and sash shall be of metal or wood covered with metal. (and every)

"Every other building other than those mentioned in the first paragraph of this section, the height of which exceeds seventy-five feet (except as herein otherwise provided), shall be built fireproof, that is to say, they shall be constructed with walls of brick, stone, Portland cement concrete, iron or steel, in which wood beams or lintels shall not be placed, and in which the floors and roofs shall be of materials provided for in section 106 of this Code. The stairs and staircase landings shall be built entirely of brick, stone, Portland cement concrete, iron or steel. No wood work or other inflammable material shall be used in any of the partitions, furrings or ceilings in any such fireproof buildings, excepting, however, that when the height of the building does not exceed (twelve) eight stories, or more than (one hundred and fifty feet) one hundred feet, the doors and windows and their frame, the trims, the casings, the interior finish when filled solid at the back with fireproof material, and the floor boards and sleepers directly thereunder may be of wood, but the space between the sleepers shall be solidly filled with fireproof materials and extend up to the underside of the floor boards.

"When the height of (a) any fireproof building, other than those to be used for purposes stated in the first paragraph of this section exceeds (twelve) eight stories or more than (one hundred and fifty) one hundred feet, the floor surfaces shall be of stone, cement, rock, asphalt, tiling or similar incombustible material, or the sleepers and boards may be of wood treated by some process approved by the Board of Buildings, or other public authorities now having jurisdiction in such matters, to render the same fireproof. All outside window frames and sash shall be of metal, or of wood, covered with metal. The inside window frames and sash, doors, trim and other interior finish may be of wood covered with metal, or of wood treated by some process approved by the Board of Buildings, or other public authorities now having jurisdiction in such matters, to render the same fireproof.

"All hall partitions or permanent partitions between rooms in fireproof buildings, shall be built of fireproof material, and shall not be started on wood sills nor on wooden floor boards, but

be built upon the fireproof construction of the floor and extend to the fireproof beams filling above. The top of all door and window openings in such partitions, shall be at least twelve inches below the ceiling line."

The essential fact is that all buildings of a height exceeding one hundred feet must be built fireproof under this act, in the same manner as buildings of a height exceeding one hundred and fifty feet are at the present time. Apparently, the object of the substitute is to give clearer expression to the law than is contained in the original.

Building Operations.

Brooklyn Heights Seminary to be Improved,

MONTAGUE ST., Brooklyn.—The old Brooklyn Heights Seminary property situated on the south side of Montague st, just west of Clinton st, is about to undergo extensive alterations. It is proposed to convert the structure into an up-to-date office building, with bachelor apartments. Mr. Arthur H. Waterman, of 203 Montague st, will have the entire supervision of the work, which he states will cost in the neighborhood of $20,000.

A Forty-Third Street Improvement.

43D ST.—The property situated on the north side of 43d st, just west of 6th av, 107 to 109 West, was purchased the past week by the Army and Navy Club of 16 West 31st st. The two plots measure 40x100, and it is said that the club will take possession after remodeling the two structures into one. When the work is completed the club will contain twenty-five or thirty sleeping rooms, a large cafe, dining room, billiard room, and bowling alleys. General J. Fred Pierson, of 29 Broadway, is president, and Commodore Charles H. Loring, of 16 West 31st st, is secretary. No architect has yet been selected or contract awarded.

High-Class Apartments for the West Side.

RIVERSIDE DRIVE.—The West Side Construction Co., 1931 Broadway, of which Jacob Axelrod is president, have commissioned Geo. F. Pelham, 503 Fifth av, to prepare plans for a 9-sty high-class elevator apartment house, 79x117x134, to be built on the southeast corner of Riverside Drive and 93d st. There will be five apartments on a floor. Also for two 6-sty high-class elevator apartment houses, 50x125, to be built on the south side of 93d st, 144 ft. east of Riverside Drive. In these buildings there will be three apartments on a floor. The buildings are to contain all modern improvements.

Important Buildings for Brooklyn.

It is learned that a large department store, a new music hall and a number of exceptionally large business buildings will soon be erected in Brooklyn. The location for the store is the northeast corner of Broadway and Hancock st, for which Mr. Leo C. Teller and a number of Brooklyn business men are said to have paid $110,000. Just when work will begin cannot be learned, but it is said that the present tenants have been notified to move before a certain date. The proposed site for the new music hall is at the corner of Broadway and Grove st. Mr. Teller and Joseph Weber, both of Brooklyn, the latter until recently connected with Weber & Field's Music Hall on Broadway, Manhattan, are at the head of both of these enterprises. Mr. Teller's address is 99 Bainbridge st, Brooklyn. He informs the Record and Guide that no architect has yet been selected, and that he is not prepared to give further information at this time.

To Complete Richmond Borough Hall.

At this week's meeting of the Board of Aldermen $250,000 was appropriated to complete the Richmond Borough Hall, for which $300,000 had previously been appropriated. To finish all of the interior of the building the architects estimate that it will cost $200,000. This contract will embrace the furring of all outside walls with terra cotta, the furring and lathing of ceilings, all plain plastering and the necessary ornamental plastering in court-room, President's audience room and in main hallways; also all carpentry, including all window frames with sash and glass, all exterior doors, all interior doors, trims, sash, frames, glass, all interior wood partitions with glass; also ornamental iron work, including the stairways, elevator fronts, safe doors and the necessary shelving and metal filing cases in the vaults; also all marble work in main halls, on the main stairs, slate base in all rooms and the terrazzo floors throughout; also the linings for seven feet in height in toilet-rooms and including the mail chute, telephone booths and two clocks in the towers. The contract will also include the furniture that is actually built in, but no portable furniture. Fifty thousand is to complete the approaches around the building. This contract will include all necessary grading, building of retaining walls, of the steps, of the terrace walls and of all work on the exterior, including the curbing and sidewalks around the property. Carrere & Hastings, 28 East 41st st, are the architects.

Dodge & Morrison, 82 Wall st, Manhattan, will, this week, complete plans and specifications for three park shelters to be built in Irving Square, Cooper Park and Carroll Park, Brooklyn.

The Third Degree.

If a jury of Experts were called upon to Establish a Test of The Third Degree for Fire-proofing Material, what would be the Conditions they would formulate?

If we are to Test our Materials to determine their Fire-resisting Qualities, up to what Point shall we go in order to be Absolutely Certain that we have reached

THE CERTAINTY OF INCOMBUSTIBILITY?

Shall we Make our Test-temperature 1,500 degrees? Or shall we raise it to 2,000 degrees? Or shall we go Higher, and say 2,500 degrees? Or shall we mount even above the Temperature at which Steel flows like water?—that is 2,700 degrees?

Furthermore, Suppose we decree that we will not call any Material "Fireproof" unless it can directly withstand this temperature for an hour!

Pretty good test that would be, it seems!

Buildings made of stuff that could withstand that heat would undoubtedly be fireproof in the highest and most indubitable sense of the word.

"Hecla Fireproofing" was tested by this Extreme Standard, and below, we give a report of Professor Ira S. Woolson, of Columbia University, showing how successfully it withstood it.

Test No. III.

OBJECT OF THE TEST.—To determine the effect of an extremely high temperature applied to one side of "Hecla Fireproofing" for one hour, and then applying a stream of cold water at 60 lbs. pressure as before.

METHOD OF TEST.—The specimen was tested with the "backing" side next the fire. The test was conducted the same as the preceding, except that the temperature of the furnace was made as high as possible after the first five minutes. The mixture of gas and compressed air was regulated to force a strong flame against the surface of the specimen. The heat was raised as fast as possible, and attained a maximum of 2700° F., with an average for the last 50 minutes of the test of over 2500 degrees. This is above the melting point of cast iron and steel. In fact a 1" square bar of cast iron used as a support for the specimen was half melted away, which was confirmatory evidence of the high heat attained. At the end of the hour the water was applied to the hot slab as before.

CONDITION OF SPECIMEN AFTER TEST.—The effect of the force of water was to wash off ¾" of the material, and examination showed that the fire had penetrated to a depth of 1¼". The charred material was soft and spongy. The remaining 1¾" of *the slab was entirely unharmed.*

Taking all this evidence into consideration, I should unhesitatingly say that "Hecla Fireproofing" is a most excellent non-conductor of heat and its fire-proofing qualities are of the best. I believe it safe to say that if a fire were to occur in a building where this material was used it would remain intact long after all the ordinary construction material surrounding it had perished.

"HECLA FIREPROOFING"—Patented
The System of Real Fireproofing

The Hecla Iron Works, Brooklyn, N. Y.

After approval by the Building Department, the designs will be submitted to the Art Commission. Bids will be advertised for in the usual way for public improvements. The buildings will be 1 story, of brick, stone, terra cotta, and tile roofs. They will be Spanish in appearance. In the interior there will be yellow pine timber, tile and concrete flooring, open nickel plated plumbing with porcelain fixtures, and steam heating apparatus. They will cost, respectively, about $10,000, $10,000 and $7,500.

MARCY AV., Brooklyn.—John Thatcher & Son, 54 Park av, Brooklyn, the successful bidders for the general contract to build the Eastern District Y. M. C. A. building at Marcy av and South 9th st, have been taking figures for sub-contracts, though all contracts have not been awarded. The foundations are now under way. Boring & Tilton, 32 Broadway, Manhattan, are the architects. The building will be fireproof, 6 stories high, of light brick and will measure, 102x115x138x116 ft. It will contain

gymnasium, swimming pool, library, offices, reading rooms and bed rooms.

Boring & Tilton, 32 Broadway, New York, have awarded to Smith & Hafer, of Warren, Ohio, the general contract to build the Warren Carnegie Library.

Duboy & Jallade and J. W. Kearney, 178 Fifth av, New York, are making plans for a 5-sty non-fireproof apartment house to be built on a plot 70x100 in Broad st, Newark, for A. J. Deffosez, of 45 Barclay st, New York, at a cost of about $60,000. The exterior will be of red brick and limestone with metal cornice. There will be steam heat, electric lights, open plumbing, dumb waiters, and hardwood floors and trim.

A new comfort station is to be built in Madison Square Park at a cost of $18,000. The Park Commissioner will soon advertise for bids.

Benjamin W. Morris, Jr., 5 West 31st st, New York, is making plans for a 3-sty brick and stone stable to be built in Paterson for the Wells-Fargo Co. at a cost of about $15,000. There will be electric lights, steam heat, modern plumbing.

The new court house at the corner of Gates and Marcy avs, Brooklyn, on the former site of the 55th Precinct police station, is near completion. Wilkinson & Magonigle, of Manhattan, architects, Daniel Ryan, of 723 3d av, Brooklyn, general contractor. Approximate cost, $50,000. The building occupies the entire space of a 50x100 feet plot, 100 feet east from the northeast corner of Gates and Marcy avenues. The southern exposure faces on Gates avenue, and is of limestone, while the rest of the building is of brick. The sidewalk is concrete, the steps of stone, the floor of the rotunda is terrazzo, the floor of the criminal court on the first floor is granolithic, and the other floors are oiled yellow pine. The walls are white plaster, so constructed that the light is refracted, leaving no dark corners. The woodwork is plainly finished, in polished ash, and ornamented with large brass door-knobs and hinges.

Government Work.

Bids will be received by Captain George H. McManus, Constructing Q. M., Fort Totten, Willett's Point, N. Y., until Oct. 16th, for the construction, plumbing and electric wiring of one set of hospital sergeant's quarters.

The Isthmian Canal Commission has awarded the contract for furnishing cast iron pipe and specials for the water supply of Panama to the United States Cast Iron Pipe & Foundry Co. of New York. The contract calls for 43,000 tons of pipe at $21.70 per 2,000 pounds and the special castings at 2½ cents per pound, delivery to be at Colon.

The Bureau of Yards and Docks, Navy Department, is preparing specifications to cover improvements at Newport, R. I., including wharf, reading room, storeroom, offices, dredging, roadways and granolithic walks. The work is a joint project for the War, Navy and Treasury Departments, and the appropriation is $100,000.

Bids will be received by B. T. Galloway, chairman of building committee, Department of Agriculture, Washington, D. C., until Nov. 10th, for the general construction (except heating apparatus, elevators, electric wiring and conduit systems) of two laboratory buildings for the United States Department of Agriculture, Washington, D. C.

Bids will be received by the Engineer, U. S. Geological Survey, Lawton, O. T., until Oct. 10th, for the erection of nine public buildings in Oklahoma Territory, as follows: One court house and one jail building in each of the cities of Lawton, Comanche County, Anadarko, Caddo County, and Hobart, Kiowa County; one eight-room and one four-room school building in the city of Lawton, and one eight-room school building in the city of Hobart; and also for moving into each of said jail buildings and properly installing in the same steel jail cells now located in temporary structures on the respective court house lots.

By Treasury Department, Washington, until October 19 at 3 p. m., for the installation of a hydraulic freight lift in the U. S. Custom House Building at St. Paul, Minn; until November 1 at 3 p. m., for the construction (including plumbing, heating apparatus, electric conduits and wiring) of the U. S. Post Office at Evanston, Illinois; and until November 2, at 3 p. m., for the construction (including plumbing, heating apparatus, electric conduits and wiring), of the U. S. Post Office at Oak Park, Ills., in accordance with drawings and specifications, copies of which may be had of James Knox Taylor, Supervising Architect.

QUARTERS.—Bids will be received by Capt. Geo. H. McManus, Q. M., U. S. A., at Willett's Point, on Oct. 16, of the construction, etc., of one set of hospital sergeant's quarters at this post.

SUPPLIES.—Bids will be received Oct. 4 at the Bureau Supplies and Accounts, Navy Department, Washington, for furnishing at the navy yards, Portsmouth, N. H.; Boston, Mass.; Newport, R. I., and New London, Conn., a quantity of electric motors, alternating arc lighting system, cable, wire, conduit, electrical supplies, iron and steel rivets, vitrified brick, Portland cement, bar iron, bar steel, corrugated sheet steel, shafting and fittings, brass, copper and iron pipe, brass and iron pipe fittings, valves, Lunkenheimer valves, dredging, renovating building, etc. H. T. B. Harris, Paymaster-Gen., U. S. A.

Long Island.

FLUSHING, L. I.—W. Powell Robins, architect, 19 Liberty st, New York, has awarded to Roberts, Ferguson & Tylor, of Flushing, the general contract to build a 2-sty and attic dwelling, 70x27, for Mrs. F. Gorden Brown at Flushing. Excavating has begun. The cost is estimated at $10,000. There will be electric wiring, hot air heating apparatus, open plumbing, and hard wood trim.

OYSTER BAY, L. I.—Rossiter & Wright, 95 Liberty st, New York, have prepared sketches for a 2-sty and attic frame and stone dwelling, 120x50, to be built at Oyster Bay for W. R. Peters at a cost of about $35,000. It will be in the colonial design. Stables were built and gardens laid out last year.

GLEN COVE, L. I.—Herbert Brewster, 82 Wall st, New York, has plans on the boards for a 2-sty and attic frame and stucco dwelling, 40x120, to be built for Howard Maxwell at Glen Cove. The building will be in the style of an English country house. It will have shingle roof, interior trim of soft wood with white enamel finish, hot air heating apparatus, electric wiring, and open plumbing. It will cost about $25,000. Plans and specifications will be finished in about 10 days. The architect will receive all figures.

New Jersey.

PATERSON, N. J.—A part of the Colt Hill plot, on Main st, Paterson, was purchased the past week by the Benjamin Eastwood estate, of this city, and upon the site will be erected a large department store building.

ATLANTIC CITY, N. J.—George F. Currie, president of the Second National Bank, Atlantic City, after considering the subject of enlarging his plant for the repairing of automobiles, together with gasoline engines of marine power boats, is now planning to erect a $50,000 building.

NEW BRUNSWICK, N. J.—The New Brunswick Lodge of Elks will build a clubhouse, Spring and Albany sts. The lodge has organized an Elks' building corporation to construct and hold the building. The officers are: president, V. S. Voorhees; vice-president, William H. C. Jackson; secretary and treasurer, William Schlesinger.

BAYONNE, N. J.—Benjamin Herman, of 83 Andrew st, Bayonne, will shortly start the erection of a 3-sty frame house with store on Andrew st. The plans, which have been prepared by Architect Armand Schule, call for apartments consisting of four rooms and bath with all improvements. The building will cost about $5,000.

NEWARK, N. J.—William Clifford, of Elizabeth, N. J., has obtained the general contract to build a 3-sty brick residence at 103 3d av, Newark, N. J., for C. A. Fulcher, of that city, from plans designed by Woodruff Leeming, of 55 Broadway, New York.

NEWARK, N. J.—Taylor & Marshall, of Newark, N. J., have obtained the mason contract for the erection of a 3-sty frame store and apartment, to be erected at the southwest corner of Bank and Camden sts, at a cost of $30,000. Morris Scharff and Samuel Kreigle, of Newark, are the owners.

ELIZABETH, N. J.—The Board of Education of Elizabeth has rejected all the bids for the erection of the new public school No. 10. The board decided to ask Architect Louis Quien, Jr., 251 Elizabeth av, to modify his plans and specifications so that the cost may be reduced. The lowest bids on the mason work, carpenter work, painting, plumbing, slate roofing and slate blackboards, metal ceilings, electrical and heating work aggregated $43,517. The appropriation is $38,000.

ATLANTIC CITY, N. J.—The Morelein Brewing Co., whose principal office is in Cincinnati, will build a 2-sty brick stable, 30x65, and a 2-sty brick bottling plant, 65x65, with cold storage apparatus.

In Other Cities.

PITTSBURGH, Pa.—In the middle of October the largest theater in Pittsburgh—that city of large buildings—will open its doors to the public. It belongs to the Hyde & Behman Amusement Co., and is being completed at a cost of $250,000. Designed by Dodge & Morrison, 82 Wall st, New York, it was built under the general supervision of William Miller & Sons, Frick building, Pittsburgh. Its main features are its great width and the immense gallery supported by cantilever trusses and girders, there being no columns in the main auditorium. The building will seat 2,200 persons. It is now being elaborately decorated.

CLEVELAND, Ohio.—Boring & Tilton, 32 Broadway, New York, have awarded to F. & D. Lindhorst, of Cleveland, the general contract to build a Carnegie Library in Miles Park, Cleveland.

Of Interest to the Building Trades.

Times are good for tenement house builders.

Park Row, from Ann st to the Bridge, is to be paved with asphalt.

Mr. Lindheim, of the firm of M. Lindheim & Co., 149 Broadway, Manhattan, has arrived home from a trip abroad.

The bricklayers believe in a popular form of government, and that consolidation and concentration, beyond a certain point is an evil.

An Eastern foundry has secured the contract for 630 tons of pipe for the high pressure service at Coney Island, which is the beginning of the great undertaking of this character for New York City.

The architects of the proposed apartment house at 35, 36, 37 and 38 Gramercy Park, are John W. Kearney and Duboy & Jallade of 178 5th av, and not simply Duboy & Jallade, as printed in our issue of Sept. 17th.

The new public bath in Montrose av, near Union av, Brooklyn, the third of its kind there, was thrown open to the public this week. It has been under construction for the past year, and cost in the neighborhood of $97,000. It is two stories in height, of brick and marble, and contains ninety shower baths.

The Board of Estimate has authorized the widening of 3d av in the Bronx, from East 149th st to Willis av, to a width of 100 feet, by taking 20 feet from the property on the east side. The change affects three buildings only. The Board has also authorized the extension of Bathgate av, from East 188th st to Pelham av.

The American Conduit Co., Manhattan Bldg., Chicago, has been awarded a contract by the electrical commission of Baltimore to furnish that city with 200,000 feet of bituminized fiber conduit. This contract was awarded after a series of exhaustive tests and investigations, and thus forms another important link in the strong chain of evidence favorable to bituminized fiber conduit for underground construction.

The Brooklyn Metal Ceiling Co., with offices and plant at 283 to 287 Greene av, Brooklyn, has obtained the contract to supply 300,000 square feet of metal ceilings for the new Wanamaker department store at 4th av, 8th to 9th sts. Also, the contract to furnish and apply steel ceilings for twenty public schools, work on which has been in progress during the summer. These contracts are probably the largest ever let, and speak volumes for the company whose reputation and excellent material are well known in the building trade.

Comptroller Grout has asked the Board of Estimate to appropriate $750,000 to carry out a scheme of playgrounds for the crowded sections of Manhattan and Brooklyn. The money if the Board approves the scheme will be raised by bonds. Mr. Grout has been working on the proposed plan for more than two years, but only lately in an amendment to the Small Parks act, has he found a possibility of obtaining the necessary funds. It is said that Mayor McClellan and Borough President Ahearn, are in favor of the project.

On Monday night a novel enterprise was inaugurated in Jersey City by the dedication of the "People's Palace," the center of the philanthropic work of Rev. John C. Scudder. Joseph Milbank, of this city, is the financial backer of the scheme, which is one of amusement and educational work. The completed building, details of which have previously appeared in the Record and Guide, is a model of its kind. Designed by Messrs. Dodge & Morrison, of 82 Wall st, New York, it is a 4-sty and basement structure with a roof garden covering the entire roof area. It contains an auditorium with large stage which may be used for lecture or dramatic purposes, a gymnasium, library, restaurant, class rooms, offices, etc. Its cost was about $200,000.

In 42d st, between 7th and 8th avs, two new theatres are reaching completion, one for Klaw & Erlanger, the other for Oscar Hammerstein. The first at No. 234 has merely the main entrance in 42d st, while the body of the building is in the rear. It was planned and designed by Messrs. Herts & Tallant, of 32 East 28th st, and built by the Murphy Construction Co., of 7 East 42d st. Above the entrance are two stories of offices surmounted by an ornamental and fantastic metal cornice. The Hammerstein theatre covers three lots and is somewhat severe in design. The exterior is of light brick and Indiana limestone. It is three stories high and was planned by Albert E. Westover, of Philadelphia.

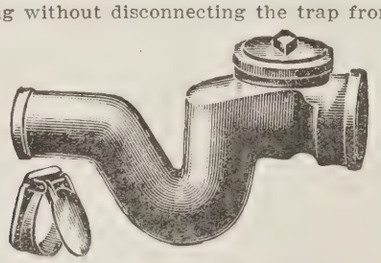
Next Sunday the Congregational Church of Northern New York, in East 143d st, near Willis av, Bronx, will be dedicated with elaborate and fitting ceremonies. It is noteworthy, inasmuch, as it marks not only the social growth of the borough, but its advancement in public improvements. It is stated that the structure is the finest of its kind in the Bronx. It is 70x100 feet in size, provides seating room for 800, and cost a total of $70,000. The exterior is of white Tuckahoe marble in a Romanesque style of architecture. The architects were Messrs. Dodge & Morrison, of 82 Wall st, Manhattan. Among the contractors were: M. J. Cary & Co., masons; Henry J. Brown & Son, carpenters; Jasper & Goebel, plumbers; Roys System Co.,

heating; and E. W. Hirsh, electrical work. The church contains eight memorial figure windows in stained glass, executed by James Dogherty, and two painted windows by Wm. Morgan's Sons of Brooklyn. The organ is the finest in the Bronx, and ranks with the best in this borough.

Y. M. C. A. Class in Real Estate.

The class in real estate organized by the West Side Y. M. C. A. is to hold its first meeting on Tuesday evening, October 11, when the general plan of the course will be outlined by Henry Harmon Neill, the instructor in charge, and an address will be delivered by Lawson Purdy upon the history of realty in the common law and present forms of ownership. The class promises to be more successful than even its best friends expected. Already there are about 150 members enrolled, and the number is not unlikely to reach 200. Among the members are a number of well-known real estate brokers, besides representatives of such offices as Douglas Robinson, Charles S. Brown & Co., J. Romaine Brown & Co., Frederick Southack & Co., Frederick Zittel, Charles T. Barney, Philip A. Smyth, Bert G. Faulhaber & Co., Leon S. Altmeyer, Julian Benedict, J. E. Whitaker, Elliott & Jaffray, J. R. & O. L. Foley, E. Tanenbaum & Co., Leopold Weil, Dean Alvord, Century Realty Co., Ludin Realty Company, American Real Estate Co., Lawyers' Mortgage Co., New York Savings Bank, Real Estate Trust Co., of Jersey City, Home Insurance Co., of Brooklyn, and the National Park Bank.

A number of prominent specialists will deliver lectures during the season. Following Mr. Purdy will be Richard M. Hurd, who will speak on the Structure of Cities on October 18.



Course of Study for Contractors.

The Education Department of the West Side Branch of the Y. M. C. A. has established a course of study in Plan Reading and Estimating for contractors and their assistants, draughtsmen, and others interested. It is to be under the supervision of Louis E. Jallade, architect, of 178 5th av. The course includes two lectures a week and class work. Practical knowledge of the actual construction of a modern building will be obtained from Saturday afternoon visits to a high class apartment house to be erected in Gramercy Park, work upon which will begin October 15th. The course will continue until the completion of the building. Mr. Jallade was one of the architects of the Ansonia and is one of the associate architects of this Gramercy Park building, details of which appeared in our issue of Sept. 17th.

Product and Appliance.

BACK WATER AND SEWER GAS TRAPS.

The Lenhart Automatic Sewer Trap is a simple but effective sewer valve and vacuum device designed especially to prevent sewer gas and back water. The mechanical parts of the valve and valve seat are manufactured from a non-corrosive composition metal and so constructed that they can readily be removed from the casing without disconnecting the trap from the pipes.

The Perfect Sewer Trap Co., of 61 Beekman st, N. Y., who own the patents and manufacture these traps, are putting 12-in. traps in the Atlantic av, subway, Brooklyn, and have shipped about 5,000 4, 5, and 6-in. traps to Ecquador. They are also being introduced in Puerto Rico and Havana through the Consul General. At St. Joseph, Mo., 8 and 12-in. traps are used in draining tide lands. Send for particulars.

The Labor Field.

The door has been shut against the tile layers' union that has been fighting the arbitration plan, and a new union has been formed which will hereafter be the only one recognized by the Building Trades Employers' Association. The new union will have a state charter, like all the other unions formed under the arbitration agreement. No member of the old union can obtain work from members of the association without signing the arbitration agreement individually and joining the new union.

The mosaic workers, following the marble workers, have given in and returned to work for the association, and apparently the industrial war is near its end. The new unions are growing in number daily.

The Slate and Metal Roofers' Union, which demanded an increase in wages from $4 to $5 a day, has accepted a compromise of $4.25 a day, and signed an agreement with the employers. The Bricklayers have voted down the proposition to amalgamate their eighteen unions into one, or three or even five, by a large majority.

The unions recently organized in this city by the United Association of Journeymen Plumbers and Gas Fitters of the United States and Canada, have volunteered to supply the Building Trades Employers' Association with plumbers to man the jobs, which the unions tied up throughout the boroughs of Brooklyn, the Bronx, and Manhattan, in the place of the members of the old Plumbers' Union No. 2, whose members quit on sympathetic strike. An agreement has been signed by the Contracting Plumbers' Association, with the United Association to employ none but members of the new unions.

The annual convention of the Journeymen Stone Cutters' International Union of America will be held next month in St. Louis.

Material Market.

BRICK SALES.

Seventy odd cargoes of Hudson River bricks were sold last week. The supply continues to be taken up as fast as it arrives, and $7⅝ is being paid for specials. Good bricks bring $7¼@$7½.

CEMENT AFFAIRS.

The meeting of the Association of Cement Manufacturers of the United States at St. Louis, Sept. 12-14, was informal in that there was no program for papers or technical discussions, and the sessions were brief and devoted exclusively to the commercial side of the business. Statements of exports and imports disclose a continued decrease in importations, and at the present time, the first in our history, the exportation exceeds the importation of cement. For the year ending July 1, 1904, the exports amounted to 1,606,031 bbls., valued at $1,993,303, an average value per bbl. of $1.24. For the previous twelve months they aggregated 2,922,427 bbls.

For June, 1903, imports were 274,089 barrels, while the exports were only 25,295 barrels. For June, 1904, imports have declined to 46,863 barrels and exports increased 57,802 barrels, showing an excess of exports over imports of about 11,000 against an excess of imports of 250,000 barrels a year ago. While exports for the year ending June 30 were only 352,503 barrels, the present rate of export is nearly 700,000 barrels per year, and there is every reason to believe that within the next year more than one million barrels of American cement will find its way to foreign markets.

A correspondent well posted on conditions, writes: "The cement business is in a peculiar condition, that is to say, the shipments are fairly good, but the prices are at the lowest level ever known. Sales are reported at 65 cts. f. o. b. mill, and it is hinted that even lower prices have been quoted to the cash buyers."

Few, if any, mills are running on full time. The mills in the Lehigh district are running about half time, and there is a general feeling among manufacturers that if business does not improve it will be good policy to shut down entirely.

Questions and Answers.

REAL PROPERTY LAW.

To the Editor of THE RECORD AND GUIDE:

"A," the owner in fee of a house in Manhattan, made a lease of the house to "B" for four years at $1,000 per year rent. The lease was duly executed but was not recorded. "B" took possession and paid the rent for three months, when "A" came to him and offered a discount of 20% if "B" would pay the balance of the rent due for the term. This "B" did and took receipt therefor. Subsequently "A" sold the house to "C," who paid full price for it, relying on the record title. Can "C" make "B" pay him rent, or can "B" hold possession to the end of the lease without further payment?

Answer.—The real property law in section 240 defines the words "real property" as including leases for three years and over, and section 241 provides that a conveyance of real property shall be recorded, or if not recorded is void against any subsequent purchaser in good faith and for a valuable consideration, etc., whose conveyance is first duly recorded. (See Chapter 547, Laws of 1896.)

As relating to the words "subsequent purchaser in good faith," the decisions hold that open and visible possession of property by others than those who have title on the record is equivalent to notice of the rights of such persons. (See Grimstone v. Carter, 3 Paige, 421; Briggs v. Thompson, 86 Hun, 607; Williams v. Kinney, 43 Hun, 1, affirmed without opinion in 118, N. Y. 679, Barrett v. Wood, 55 Hun, 587; Phelan v. Brady, 119 N. Y. 587.)

This possession, however, must be actual, open and visible, inconsistent with the title of the apparent owner by the record, and not equivocal, occasional, or for a special or temporary purpose. (See Brown v. Volkening, 64 N. Y. 76; Pope v. Allen, 90 N. Y., 298; Holland v. Brown, 140 N. Y., 344; Munsion v. Reid, 46 Hun, 399; Tredwell v. Inslie, 120 N. Y., 458.)

But the protection furnished by the recording act should not be taken away except on clear proof of the want of good faith in the party claiming its protection, and a clear right in him who seeks to establish notice by means of possession. The circumstances must be such that a prudent man would be put upon inquiry, and would be chargeable with bad faith if he did not inquire. (Jones on mortgages, section 601, quoted with approval in Baker v. Thomas, 61 Hun, 17.) Applying these principles, if tenant's possession complies with all the above conditions the questions then answered are (1) No. (2) Yes.

CONVEYANCES

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street or avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

6th.—It should also be noted in section and block numbers that the instrument as filed is strictly followed.

7th.—A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before 2d figure indicates that the property is assessed as in course of construction.

MORTGAGES.

NOTE. The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same, only one is given.

Subscribers will find mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found altogether at the foot of this list.

September 23, 24, 26, 27, 28, 29.

JUDGMENTS

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (?) signifies that the first name is fictitious, real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

The Private Branch Exchange System of supplying TELEPHONE SERVICE is particularly adapted to the requirements of LARGE HOTELS and APARTMENT HOUSES

By means of a Private Branch Exchange the general telephone service, local, suburban and long distance, is available in every room and apartment. A complete interior service is also supplied, adding largely to the efficiency, and decreasing the cost of the hotel service proper. No modern Hotel or Apartment House should lack a

CONVEYANCES

Whenever the letters Q. C. and C. a. G. are preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed in which all right, title and interest of the grantor is conveyed, omittin all claims and warranty.

2d.—C. a. G. means a deed containing a Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

DYCKERHOFF PORTLAND CEMENT

is made in Germany. When first introduced in the United States, some twenty-five years ago, its superior strength, correct chemical composition and absolute uniformity were quickly appreciated and placed it above all other Cements in the market. The Dyckerhoff brand maintains the original superiority;—its perfection has not been approached by any other Cement.

JUDGMENTS

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

"Entered at the Post Office at New York, N. Y., as second-class matter."

Vol. LXXIV. October 8, 1904. No. 1908.

THE stock market begins to remind one of the great year 1901. There are the same heavy transactions, the same violent fluctuations, the same daring and successful speculation, and the same wild rumors of deals. It should be added that there is the same underlying strength. No matter how little one may like the violent manipulation and the unusual hazards which characterize the market at the present time, it must be admitted that bullish speculative interests could not have it so much their own way were it not that the owners of stock believed that these stocks are worth as much, if not more, than they are selling for to-day. The consequence is, that when the price of a security such as Steel Preferred is forced up several points the speculators who engineer the rise are not swamped with selling orders. They can hold the rise and get out with a profit. This fact is sufficient proof that people do not want to sell; and, indeed, there is no reason why they should. The extreme stringency which, together with certain evidences of business reaction, was sending stocks down a year ago is over. Doubts about the crops are at an end, and it is known that the yield, multiplied by the prevailing prices, will keep farmers prosperous. Absolutely safe investments, yielding as much as four per cent. are hard to find. There are, consequently, few reasons to sell. The market, if left to itself, would probably become dull with a strong undertone. But it will not be left to itself. It will continue to be manipulated; and the only danger is, that it will be manipulated too much.

AFTER long deliberation and much hesitation the Board of Education has decided to begin to build public school houses in the crowded portions of the lower East Side as high as ten stories. Public School No. 62, which is now under construction on a site bounded by Hester, Essex and Norfolk Streets, was originally intended to be a "skyscraper," but the authorities feared that a building of that height would not be considered safe, and finally decided not to go above six stories. In case, however, with a building soon to be erected on a plot, 80x175, on Grand Street, they have reversed their former decision and propose to make as much use as possible of the area. This decision is to be recommended, as, on the whole, a proper decision; and if it is consistently carried out in the future, it will in the long run save the city a good deal of money. New York differs from the other cities in the country, because the population even of old and crowded districts still continues to increase. The authorities consequently are obliged to supply more school room on streets the real estate values whereof are very high, and the question of keeping down the expense of such school houses becomes a very serious one. By building them ten instead of six stories high, it means that the Board of Education can make the same amount of land go half again as far as it does now; and the saving consequently should consist of about one-third of the sum which would have to be spent for the sites of six-story buildings. Architecturally, of course, it would be better to keep the buildings down to six stories; but architectural considerations are not of importance in such an environment as that made by East Side tenement houses. As to the safety of a ten-story building, a structure of that height and accommodating 7,000 or more pupils can be made as safe as a six-story building. The standard of fireproofing should, however, be the same as that which the law requires for a building over twelve stories high; and there should be as many elevators, esculators and stairways as are provided in a department store.

THE EVENING POST and the City Club have been calling the Mayor's attention during the past week to certain abuses which have crept into the distribution of the city's advertising. They point out that a very large share of that advertising is being given to a weekly journal, which is published apparently solely for the purpose of printing official notices to property owners and contractors. It is a journal which is circulated in very small numbers; which can be purchased on none of the public newsstands, and with difficulty even at the office of publication; and which prints advertisements of private firms and corporations without either compensation or authorization. Yet out of almost $68,000 which the city has paid out for advertising since May 1st, this journal has obtained twenty per cent.; and what the city has received in return for this expenditure, it would be difficult to calculate. On the other hand, the journal in question, on the strength of the official notices it publishes, has been trying to give the impression that it would be a good thing for city contractors to take space in its pages; the idea being apparently that its pages are read in some of the city departments, if nowhere else. The whole arrangement, consequently, has the air of being a very dubious business, and the Mayor should take the matter at once in hand. This advertising is not given out under a definite contract. The Board of City Record, whose members are the Mayor, the Controller, and the Corporation Counsel, merely designate certain newspapers, in which the official notices shall appear, and the designation of a particular publication can at any time be withdrawn. Moreover, while the Mayor has the matter under consideration, he might well deal with it in a thorough-going way. It cannot be denied that the city spends the money which it pays out in advertising in a very unbusiness-like way. Except in a few cases it makes little attempt to get any proper returns for the money it spends. The only city notices which are displayed so as really to attract attention are those with which the office of the Controller announces the sale of municipal bonds. Other official notices should be published in the same conspicuous way, and the responsible officials should see that five dollars is not spent in this or any other way without exacting five dollars' worth of return—just as a private firm would under similar circumstances.

PERHAPS one of the most interesting stations along the line of the new subway is that at Twenty-third Street and Fourth Avenue. It is interesting not only because of the peculiar propriety and effectiveness of the decorative tiling at that point, but because the only underground store of which the subway can boast is situated at the corner. The loft building erected by the Geo. A. Fuller Company on the site of the former Young Men's Christian Association Building, contains two stores, one on the street level and one on the subway level, and in this way the building has the advantage of two show cases. In other instances, of course, such as those of Wanamaker's, the Belmont and the Knickerbocker Hotels and the Times Building, access to the subway can be had through private property; but the foregoing is the only instance of the location of an actual store at the subway level, and the question is: To what extent is this example likely to be followed? Probably in the end it will be very largely followed; but it is also probable that we shall be some time in reaching that end. The difficulty is that the line of the subway does not include avenues that are very important for retail trade. A subway just below the street level on Broadway, or on the busy part of Sixth Avenue, would offer an opportunity for an underground arcade and a second row of stores which few property owners could resist; and fully twenty years ago the idea of an arcade railway under Broadway was vigorously advanced by a private company and supported by the Record and Guide. It came to nothing, however, because of the fears of property owners; and as the gentlemen who own property on Broadway still object to a subway under that thoroughfare, it is improbable that one will be built for many years to come. The streets on which the subway does run, however, such as Elm Street, Fourth Avenue and upper Broadway, do not, except at important corners, carry enough business to justify an underground arcade; and the other avenues, such as Seventh and Lexington Avenues, on which it is proposed to run subways, are in the same situation. It would look as if Forty-second Street had the best chance of an underground arcade; but the difficulty is that the subway runs too deep along that street. Altogether it is probable that while individual show-rooms will frequently be opened at the subway level in the vicinity of stations, underground arcades will come very slowly.

THE speed tests which the Interborough Company is making in the presence of the representatives of newspapers and railroads, show that the new subway will do as much as was expected in the way of providing veritable rapid transit. Its trains have been traveling from the City Hall to Ninety-sixth Street in a little less than eleven minutes, and to One Hundred and Forty-fifth Street in about sixteen minutes. Of course, no allowance was made for stops at the several express stations; but it takes less time to stop than people imagine; and the running

time to One Hundred and Forty-fifth Street will probably be about twenty minutes. A man with his office any where near the City Hall will not have to allow more than twelve minutes in order to catch a train at the Grand Central Station, and he can reach an appointment in the vicinity of Union Square in six or seven minutes. As to the residents in the vicinity of the Seventy-second Street Station, they can count on a journey of less than fifteen minutes in order to reach an accessible office. The local trains do not seem to travel very much faster than the local trains on the elevated roads. They may have some slight advantage; but it will not amount to very much. It is the subway express service which will be the great boon; and if any criticism is passed upon the plan of the subway, it will turn chiefly upon the limitations of that service. It was of course, an advisable economy not to continue the four-tracks north of One Hundred and Fourth Street; but both the Broadway and the Lenox Avenue lines should have had three tracks from One Hundred and Fourth Street to their respective termini. As it is the people living north of One Hundred and Forty-fifth Street who need rapid transit most, these people will have the value of their express trains much diminished by the fact that the trains will have to run for part of the route along local tracks. This limitation will decrease both the number of possible trains and their speed, whereas every minute which can be gained in the running time between Kingsbridge and the City Hall, enlarges by just so much the district which the subway makes available for habitation. A good local service is well enough; but from the point of view of the desirable distribution of the population of the city, and the consequently improved domestic conditions, the great desideratum is the very best possible express service.

The Real Estate Situation.

THE real estate year is beginning uncommonly well. The sales are numerous and increasing from week to week. There is a tolerable demand for residences, tenements and small business buildings, and there is a very lively demand for vacant lots, which are available for immediate improvement. The total number of transactions reported during the week amount to the large total of about 175, compared to the much smaller total of 66 during the corresponding week last year. Private residences cut an unusually large figure in the transactions, the total being 23, against 18 a year ago. But the conspicuous fact is the demand for vacant property. That demand is already so insistent and the conditions which encourage it are so legitimate, that there may be confidently predicted a year of the greatest activity in the cheaper classes of building.

The best-informed operators and brokers are agreed that such is the outlook. A representative of the Record & Guide called during the past week on a number of men whose position enables them to anticipate with the utmost certainty the course of real estate operations, and they were unanimous in anticipating an active and a prosperous year. Vice-President Dowling, of the United States Realty Co. for instance, stated that he had every confidence in the general situation. His own company, while by no means out of the market, was not doing very much buying at present, because its officials were devoting most of their energy to improving the properties already purchased, and placing them on an investment basis. When they had completed the task of thoroughly developing the properties the company now owns, they would be more ready to initiate new operations. This is an interesting expression of policy, because it indicates that the largest of the Manhattan realty companies is becoming more than ever a corporation devoted, not to trading in real estate, but to buying large parcels of property and improving them to the limit, without, in general, any intention of selling them. Its object is to invest money in real estate to the utmost advantage, and after such a policy has been followed a few years the credit of the company will improve to such an extent that it will be able to raise the money it seeks to invest at a very low rate of interest. President Chesebrough, of the Century Realty Co., was even more emphatic in the expression of his belief in the excellence of the existing prospects, and he went more into detail. He believes, for instance, that there will be a revival of activity down-town, and, in view of the improved financial prospects, this anticipation sounds reasonable. He also looks for continued activity in property in and near Fifth avenue, and a continued exodus of good retail stores from Broadway and Union square. This opinion is shared by Mr. Alfred Marling, of Horace S. Ely & Co. Neither of them think that the limit of prices in the Fifth avenue section has yet been reached, particularly in view of the fact that a number of important announcements respecting property in that vicinity are hanging over the market. One interesting comment made by Mr. Marling was to the effect that the existing demand was a very healthy one, and that people were buying with real discrimination and care. Mr. Charles S. Brown, of Douglas Robinson, Chas. S. Brown & Co., emphasized the fact that good loans would carry a lower rate of interest than for some years past, and that the small buyer would count as a more influential factor in the market than at any recent period. Mr. W. J. Van Pelt, of Geo. R. Read & Co., was also enthusiastic over the outlook, and anticipates very lively business as soon as the election is over.

Almost all the gentlemen interviewed believed that there would be no further delay about the improvement of Washington Heights, and it is evident that such is the case. Every successive week exhibits increased sales on different parts of the Heights, and by the time spring comes the movement will have gathered as much headway as that which now prevails in the Bronx. Mr. Dowling anticipates that it will pass through the same phases as the West Side movement—that there will be a period of active sales, followed probably by a period in which foreclosures will be similarly active. Possibly such will be the case; but there will be one difference. The improvement of Washington Heights, when it once begins, will proceed even more rapidly than did that of the West Side. The tide of New York's expanding population has a much greater volume than it possessed twenty years ago, and it will more rapidly overrun any area which is in the way of occupation.

Be it added that the excellence of the present prospects is an extremely gratifying fact. During the fall of last year there were many prophets of evil abroad. They declared that New York real estate had been passing through a period of inflated values and excessive speculation, and that now general business was bad these inflated values would be punctured, and that a season of dulness and depression would follow. The Record & Guide pointed out at the time that these forebodings were, to say the least, exaggerated. It claimed that the increases in value were justified by the increases in business and population, and that these values would be sustained. Such has proved to be the case. In spite of some dulness, and in spite of the erection of very few new hotels and expensive residences, there has been no yielding in values even in those parts of the city in which the speculation had formerly been most acute. On the contrary, in some sections prices continued to rise, particularly in the Fifth avenue business district and in various tenement districts. The higher range of values have consequently been shown to be justified by underlying conditions, and after the pause which has recently taken place the advance will doubtless be resumed.

Present and Future of Union Square.

Once the Belgravia of New York, and since the Civil War a popular retail business quarter, Union Square is now being prepared for another metamorphosis. The compelling force is the same which about the year 1845 cleared away the shanties from the ragged edges of the common, smoothed over the potter's field, and built these old dwellings and stores, whose turn it is now to go. It is commonly said of Union Square realty that it is dead, or nearly so. If all the to-let signs were flags of jubilee, it would have a merry appearance; but as it is, it looks sad and bereaved. This week a real estate man thought it worth while to make a record of the vacancies, as follows:

South Side.—Southeast corner of Fourteenth street and Broadway, "hotel premises to lease." Southwest corner, "space to let." No. 44 East Fourteenth street, "entire building to let," No. 46 East Fourteenth street, "loft to let."

West Side.—Northwest corner of Fourteenth street, "choice offices to let," over the Lynch jewelry store. Over Brentano's, a "loft to let." At No. 19, "offices to let." At No. 23, "two basement stores and two parlor stores vacant." At No. 25, "three lofts to let." At the southwest corner of East Sixteenth street, "store and basement to let." On the northwest corner, which is the new building of the Bank of the Metropolis, a sign reads, "An entire floor for rent, also salesrooms and offices." In No. 33, the Decker building, the store and the basement are to rent.

East Side.—At No. 34, over the Corn Exchange Bank, "lofts to rent." No. 28, "lofts to rent." No. 24, "floor to let." No. 22, "lofts to rent." No. 20, over the Savings Bank, "rooms to let." No. 12, "offices to let." No. 10, "rear part of first floor to let." No signs are displayed on the north side of the Square, as that block is mainly occupied by the Everett House, the Century Company's building and the Wm. H. Jackson Company. In the side streets, more particularly East Sixteenth, Seventeenth and Eighteenth streets, between Broadway and Fifth avenue, there are numerous to-let signs out for lofts and salesrooms and some for stores and entire buildings. Fourteenth street, west of the Square, seems as well rented as ever, and shows no such evidences of decay as are visible in the Square. Probably Fourteenth street will always be, in connection with the string of Sixth avenue department stores. a lively shopping region.

Tiffany's removal to Fifth avenue is generally considered as marking the end of an era for the Square. As the Tiffany peo-

ple expect to sell their Christmas jewelry from the new place, their moving day is not far away. The company have not announced what will be done with the old place, which is on leased ground, but they may do like the Gorham people, who will keep part of their business going at Broadway and Nineteenth street after opening the new place on Fifth avenue, until somebody comes along who is able to take it off their hands. Without Tiffany a large carriage trade will be missing, and a number of retail firms have decided to move on that account. Besides this, the firms that have gone up to the new Fifth avenue district have done well. Marcus & Co. doubled their sales the first year after they left the Square.

Perhaps, then, the real reason for the decline of Union Square is the rise of Fifth avenue as a retail business street, and until many business houses now downtown move northward, the Square will be in a state of transition. With the retail trade going elsewhere, the natural successors are wholesale firms from downtown, selling agents for distant factories and representatives of foreign houses, for whom some concessions will be necessary, and when this is borne in upon the owners of vacant floors a series of important building operations may be looked for.

It is noticed that wholesale firms are steadily working into the modern buildings. The new Bank of the Metropolis building has been entirely rented by Mr. Tyng, with the exception of one of its eighteen floors, which is a very satisfactory result from eighteen months' work. One of the floors in this building brings in $8,200 annually from offices and salesrooms, while a corresponding floor in the Hartford building, which is similar, earns but $6,700, showing that rental values for everything but stores in modern buildings in the neighborhood are not only being maintained, but are increasing. This is due in part to the demand for salesrooms by wholesale firms, and with few exceptions the floors in the Bank of the Metropolis building are rented for such purposes.

Three facts are very clearly established for Union Square realty. The first is the accumulating losses from vacancies. Second, the depreciation in selling values, as was instanced in the sale under foreclosure of No. 27 Union Square (28x140 feet) to Mr. Berwind for $155,000. Third, the depreciation of store rentals which now amount to a third off. Eventually, the continued depreciation will compel either a sale or the erection of a modern building from which to derive an income commensurate with the value of the land.

The property east of the Square is reported to be doing better than that between Broadway and Fifth avenue. A rumor is current that Union Square East is favored by the authorities for the new Court House. An interesting sale in this quarter was made last week through the firm of L. Tanenbaum & Co., when the dwelling at No. 104 East Seventeenth street, between Irving place and Union Square, was sold for the estate of John Biddle to Charles Mayer of the firm of M. & C. Mayer, who are large importers of hosiery. The property is assessed for $23 000. The Astors own the property on the west, and also the entire block front on Union Square between East Sixteenth and Seventeenth streets, and the Mayer-Biddle house would seem to be the key to any considerable improvement of the block, seeing that it is within 150 feet of Union Square.

It was found when titles were investigated for this sale, that there is a sliver of land, eight feet long by eight and a half inches wide, extending from the rear of the Biddle property on which a five-story building, fronting on East Sixteenth street, owned by Mary J. Fritsch and others, encroaches.

The opinion that Union Square is the scene of a natural real estate evolution is the prevailing one. At the same time it is intimated that some responsibility for the exodus falls upon owners who have neglected to make the repairs and improvements demanded by the times and necessary to modern business. In the future the class of buildings that will pay best in the Square will be those whose accommodations appeal to and are suitable for occupancy for the most part by sales agents for outside or foreign manufacturers.

Concrete in Subway Work.

Several important contributions in regard to the use of concrete in constructing the underground railroad appear in the September number of the Cement Age, published by Bruce & Johnston, 42 Broadway. Chief Engineer Parsons tells of the time-saving method adopted for testing the cement. He says he realized at the outset that if the ordinary methods of inspecting the cement, after the same had been delivered on the work, were followed, great difficulty and delay would ensue. In a crowded city like New York it is impossible, or certainly very difficult, as Mr. Parsons says, to find proper storage facilities where cement could be retained in sufficient quantities to keep a work of this magnitude going, and for a sufficient length of time to permit regular tests to be applied. In view, further, of the rigorous specifications that have been adopted, a certain proportion, and probably a large proportion, of rejections would take place, and there would again arise the difficulty of disposing of this rejected cement.

In order to obviate these difficulties and to permit the work to run smoothly, the Chief Engineer took up the question with the cement manufacturers and proposed to them that he would inspect the cement at the point of manufacture, in the same way that steel and other materials are usually inspected. The manufacturers accepted this idea and placed at the disposal of the Rapid Transit Commission a suitable building for a laboratory. The Chief Engineer then organized an inspection staff, placing the same under the general direction of Mr. W. A Aiken, and equipped this laboratory with all the necessary physical and chemical appliances. This staff watched the cement practically from the time that the rock was quarried until the same was put into sealed bags. Mr. Parsons says the expense of establishing a special building at the mills is prohibitory in the case of small construction work. In the case of large construction work, the comparative cost is small, and there is no reason why cement should not be inspected at the point of manufacture. Says Mr. Parsons, such inspection will be found both to the advantage of the manufacturers and to the user.

Deputy Chief Engineer George W. Rice, in the course of another article, says the amount of concrete which has been constructed under the Rapid Transit contract is very great, in fact, 600,000 cubic yards. It goes without saying that the work has been expedited by the use of concrete and by avoiding the very large amount of brick masonry which otherwise would have been necessary. It is further evident that the work was accomplished at much less cost and in all probability a very much better construction has been secured than would otherwise have been possible, as a better class of work can be obtained with a less amount of supervision. The very fact that the concrete was put in place is a sufficient guarantee that the work is well done.

International Electrical Exposition.

An Electrical Exposition is to be held at Madison Square Garden, New York City, Dec. 19 to 28, inclusive, under the patronage of the Electrical Contractors' Association, of New York City, a member of the Building Trades Employers' Association. The association has appointed a committee to act in conjunction with the exposition management, the chairman of the Contractors' Association being James R. Strong; and acting with him are J. P. Hall, S. Davis, L. K. Comstock, J. C. Hatzel and Geo. Wm. Russell, Jr. The management of the exposition itself is in the hands of Mr. L. Lawrence Weber and Ed. F. Rush, whose offices are in the Knickerbocker Theater Building, Broadway.

It is particularly desired by the management to show all machinery and apparatus in actual operation, which adds much to the value of an electrical display. The decorations and the amusement features are in the hands of a special committee, who are experts in this line, and the result of their labors promise to be a revelation in every respect. The interior illumination will be a feature. The entire arena floor space will be given over to exhibition purposes.

Gossip of the Week.

Trading in vacant lots on Washington Heights was one of the leading features of a very active week. Out of a total of one hundred and twenty-seven sales for Manhattan, thirty-three were lot transactions and thirteen of these representing seventy-three lots, were deals on the Heights. While a part of these were purchased by speculators, it is very encouraging to note that almost half of the lots were sold to builders who will improve at once. Of the other Manhattan deals, the most interesting is the purchase of a one-hundred-foot plot on Thirty-fourth street with an abutting one hundred and sixty-two feet on Thirty-third street, just west of Ninth avenue. In The Bronx there were sixty sales. The totals for the corresponding week last year were fifty-four for Manhattan and twelve for The Bronx.

Real Estate Notes.

Max Freund will arrive from Europe on the Kronprinz Wilhelm, October 11.

Mr. M. Lindheim has just returned from Europe after an absence of several months.

Suits are being tried this week against the owners of the Attorney st building at which fourteen lives were lost several weeks ago in a fire.

Mr. G. Tuoti, of the firm of G. Tuoti & Co., has just returned from Europe, where he has been enjoying a pleasant vacation with his wife and family since July 5th.

L. Klinger & Co. have leased for Mr. Bennet 322 East 117th St. and for a Mr. Milgrin, 326 East 117th st, two 6-sty double tenements, built under the new law, at an aggregate rental of $42,000 for a term of five years.

Nichols & Lummis have leased for Miss Margaret Cameron, daughter of the late Sir Roderick Cameron, the premises 187 Madison av, adjoining the northeast corner of 34th st, for a term of years.

Connfelt & Stickney have leased for Dr. George V. Foster 344 Lexington av for a term of years. The owner will make extensive repairs. Also, an apartment at 152 East 35th st, for two years, to E. G. Anthony.

It must be admitted that labor troubles of the year are not regarded as an unmixed evil. A very prominent man in the real estate business remarked last week that "it will all turn out for the better." He meant probably that the under-production of houses made good rent rolls.

W. H. M——d.—If the letting to the tenant was of entire premises, you are not bound; if the case were that of a tenement house and an accident occurred in a part of the premises as to which the landlord retains control, he is responsible where notice and neglect on his part are shown.—Ed.

The McVickar, Gaillard Realty Co. has leased for James W. Henning to C. E. Simcox, ladies' tailor, the 5-sty building 535 5th av, on lot 30x100, adjoining Delmonico's. The term is for twenty-one years, at an aggregate rental exclusive of taxes of over $250,000. Very extensive alterations will be made by the lessees.

Former President Cleveland figured in the sale of four lots at Lawrence and Walcott avs, Astoria, through Nichols & Lummis, to Frank S. Martyny. He was not the seller of the property, but he took as much interest in the transaction as if he had been the owner. The seller was Miss Annie Thompson, who is a governess in the home of former President Cleveland, at Princeton, N. J.

Mr. Edward C. Williams, real estate broker, formerly of 1910 Seventh av and 31 Nassau st, has closed those offices and removed to 135 Broadway, Room 811. It is Mr. Williams's intention to confine his business exclusively to sale of property of the upper West Side, where he is well known. Mr. Williams was the broker in the sale of the block front on the west side of Lenox av, between 116th and 117th sts, a plot 201.10x200 for the New York City Railway Co. to Mandelbaum & Lewine.

E. V. Pescia & Co. have leased for Moses Gutman to Antonio Gallo the 5-sty tenement 229 East 97th st, for a term of five years at the aggregate rental of $7,000; for Abraham J. Dworsky, the 7-sty tenement 86 Catharine st, for a term of years, at the aggregate rental of $16,000; for Samuel Greenstein to Charles Samuels and Henry Zucker, the 6-sty tenement 27-29 Goerck st for a term of five years at the aggregate rental of $33,750; and for Moses Gutman, the 5-sty tenement 229 East 97th st for a term of five years, at the aggregate rental of $7,000.

Thomas P. Fitzsimons has made the following leases: For the Ross estate the store on the southwest corner of Broadway and 46th st, for a term of years, at a gross rental of $35,000; for John T. Brook and John Fulton, Jr., to Henry Farley the 2-sty stable, 550 West 44th st, for a term of five years, at a gross rental of $8,700; for the estate of Michael Hogan to Charles Kahn the building 136 West 49th st; for Sam Sing to Peter P. Miniotti the store in building 586 7th av, for one year, and for H. H. Cammann to Katherine Hallinan the 4-sty dwelling, 60 West 94th st, for a term of three years at a gross rental of $6,000.

Fourteen million dollars was the amount paid in to the Department of Taxes on Monday. Among the large taxpayers, were: E. T. Gerry, $60,000; New York Central & Hudson River Railroad Co., $350,000; Vanderbilt estate, $400,000; Mary Pinkney estate, $85,000; Higgins estate, $65,000; J. J. Astor, $350,000; Roosevelt family, $62,000; J. D. Crimmins, $55,000; W. J. Sloane, $95,000; J. P. Morgan, $175,000; Bronson estate, $75,000; Trinity Corporation, $115,000; Kuhn, Loeb & Co., $85,000; Goelet estate, $300,000; August Belmont & Co., $175,000; B. Altman, $60,000; New York City Railroad Co., $400,000.

—The exact date fixed for the opening of the subway is October 27, and the hopes of the far uptown real estate owners are about to be realized. A wonderful growth for Washington Heights

and the Bronx, to be in full tide next spring, is a reasonable expectation. The following schedules for trains is announced: Express trains will be run under a two-minute headway during the rush hours, 7.30 to 9.30 a. m., and 4.30 to 6.30 p. m. These will make three stops between the Brooklyn Bridge and 96th st, and from there up will stop at all stations. Express trains will consist of eight cars, with a seating capacity of 52 each and standing room for 100 more, making the capacity of a single train 1,200, and the number of persons that can be carried during two rush hours 72,000. In the rush hours local trains of five cars each will operate with a one-minute headway, and during that time can handle a maximum of 90,000 passengers. The average running time for the local trains between 96th st and the City Hall will be 20 minutes, or 5 minutes longer than the express time. All through the day the express trains will be run every 15 minutes and the locals every 3 minutes. After the rush hours at night the express trains will run every half hour until midnight. The locals will run every three minutes, and from 1 to 4 a. m. every 10 minutes.

—One of the most recent public conveniences is that built by the Rapid Transit Commissioners of New York City in their subway station at Columbus Circle. It has walls of glazed tile, flooring of vitrified tile and partitions of Italian marble. The J. L. Mott Iron Works, whence most of the sanitary appliances for the public comfort stations and public baths, have come, have prepared an illustrated catalogue showing the general arrangement and details of some of the best. Those which have been erected within the past few years are a great success. That a public comfort station may be made attractive from an architectural point of view is clearly shown by the station at Morningside Park as well as by the exteriors of the stations at Riverside Drive and Saratoga Park.

Building Operations.

Milk Company of Brooklyn to Build.

THIRD AV, Brooklyn.—The R. F. Stevens Milk Company, now located at No. 338 Adams st, Brooklyn, has just purchased some property on the west side of Third av, between Bergen and Dean sts, Brooklyn, from the Federal Brewing Company, on which to erect a 4-sty brk structure as headquarters for its milk business. The company informs the Record and Guide that the selection of plans or architect has not yet been made.

Five Flat Buildings for 100th Street.

100TH ST.—Plans are under way in the office of Horenburger & Straub, 122 Bowery, for the erection of five up-to-date 6-sty flat buildings, 40x87.11, for Louis Mayash, 96 Monroe st, and Albert London, of 263 Broome st, to be erected on the north side of 100th st, 100 ft. east of 2d av, at a cost of $200,000. There will be apartments for 150 families. The exterior will be of light brick with limestone trim. Steam heat, electric light, tile and marble work, etc., will be installed.

More Carnegie Libraries.

Carrère & Hastings, 28 East 41st st, have completed plans for two more branch libraries for the New York Public Library of 45 Lafayette pl, under the Carnegie Endowment. One will be on West 23d st, adjoining the new Y. M. C. A. It is to be a 3-sty limestone front structure, 38.7x88.2, and is estimated to cost $60,000. The other will be built at 66-68 Leroy st at St. John's Park. It will be 2 stories and measure 44.4x95.6, and is estimated to cost $65,000.

Latest Fifth Avenue Improvement.

5TH AV.—C. E. Simcox the well-known dressmaker and importer, now located on 31st st, 31 to 33 West, informs the Record and Guide that he has just leased the 5-sty stone building 535 Fifth av, on plot 30x100 feet, adjoining Delmonico's, for a term of twenty-one years. He will improve the building with high-class bachelor apartments on the upper stories, and the lower floors will be handsomely fitted with a store for his own occupancy. Mr. Simcox also states that no architect has been selected. The work will cost over $25,000.

John Peirce to Build a Residence.

51ST ST.—Contractor John Peirce, with offices at 277 Broadway and at the subway power house, 11th av and 59th st, which immense structure he is building, has purchased a plot 27.6x100 feet on the north side of 51st st, between Fifth and Madison avs, upon which he will erect a dwelling for his own occupancy. John H. Duncan, of 208 Fifth av, has been selected to prepare the plans. Preliminary sketches have not yet been started, but work will begin soon. The dwelling will be high-class in every respect, embodying all modern improvements.

For Mr. Harriman's Mansion at Arden.

The site is being cleared at Arden, N. Y., for E. H. Harriman's mansion, which is to be built on Tower Hill, a sightly elevation of 1,350 feet in the town of Woodbury, Orange county. Carrère & Hastings, 28 East 41st street, New York, are the architects. Only preliminary sketches have thus far been made, and no contracts have been let. It is understood that the walls will be built of stone to be quarried on the property. Stables, a power house and other outbuildings will be erected. No masonry work will commence till next spring. Rapid progress is being made in excavating and grading for the incline railway, which is to be completed in time to be used in freighting cement and other building materials to the top of Tower Hill. Electricity will be the power used in operating the cars.

New Home for the Hebrew Infant Asylum.

KINGSBRIDGE RD.—The Hebrew Infant Asylum, at present situated on Eagle av, between 161st and 162d sts, has purchased about 300 feet on the south side of Kingsbridge rd, 700 feet on Tee Taw, and 700 feet on Aqueduct avs, Kingsbridge, as a site for a new asylum building. The new structure will be fireproof, with every up-to-date convenience, as simple in design as possible, with accommodations for about 400 infants. The cost is placed at about $125,000. Benno Newberger, 145 Water st, is president; Emil Gasgari, 136 West 116th st, is secretary, and Mr. Charles Dittmann, 108 East 60th st, is treasurer. No architect has been chosen to prepare plans, and it is probable that the award will be made in competition. For further particulars, address the president.

Riverside Drive Improvement.

RIVERSIDE DRIVE.—Final plans are nearing completion in the office of Brower & Gayle, 1133 Broadway, for a 10-sty high-class housekeeping apartment house, 151.10x100, to be built on the southeast corner of Riverside Drive and 109th st, for Paul B. Pugh & Co., of 101 West 66th st, at an estimated cost of $600,000. There will be forty apartments of eight and twelve rooms, two electric elevators and all other modern improvements. The following contracts have been let: Hay Foundry & Iron Works, 141 Broadway, structural iron; Guy B. Waite & Co., 31st st and East River, fireproofing; National Elevator & Constructing Co., 52 University pl, elevators; R. G. McCarthy, 112 West 42d st, interior furring. It is expected to have the building finished by Oct. 1, 1905. A year ago plans were drawn for an apartment hotel for this site and the excavation was partly dug. Work on the proposed structure is to begin at once.

A Modern Printing House.

37TH ST.—Plans have this week been completed by Messrs. Radcliffe & Kelley, of 3-9 West 29th st, for a 10-sty printing house for James H. Ottley, president of the McCall Publishing Co., publishers of McCall's Magazine and Patterns, of 113-117 West 31st st. The proposed structure will be erected at Nos. 236-246 West 37th st, and will have a frontage of 112 ft. 9 ins., and a depth in the basement and 1st story of 98 ft. 9 ins. and 85 ft. above this. It will, of course, be of fireproof construction, with steel skeleton, and of extra heavy framing, the first floor having the unusual capacity of 450 lbs. to the square foot and the upper floors 250 lbs. There will be a complete power plant in the basement the design for which is now under way, and which calls for turbine engines. This will supply power for the presses, machines, two freight elevators, passenger elevator, electric dumbwaiter, and sidewalk lift, as well as the lights. The exterior will be of brick and terra cotta with a large area of glass. All windows will be glazed with wire glass in metal frames, and some will be of two thicknesses, with an air space between, providing a better fire protection, it is claimed, than any kind of shutter. The roof will be flat, the material not having been selected so far. A special feature of the plans is that the intaking of materials and putting-out of finished products, large quantities of which are handled daily, are independent of each other. The working drawings are complete and have been submitted to five firms of builders who will tender bids in about ten days. It is desired to have the structure finished by May 1, 1905. Its cost is estimated at $250,000.

Magdalen Society to Build.

INWOOD.—Plans have been completed by W. W. Bosworth, F. H. Bosworth, Jr., and Carlton Greene, C. E., for the new home of the Magdalen Benevolent Society to be erected at Inwood. The building will have four stories and basement, 200 feet long with an average depth of 40 feet. It will be of fireproof construction, with exteriors of rubble stone and stucco work. The roof will be of slate and book tile. The building will contain a chapel, kitchen, dining-room, office, recreation room, and sleeping apartments for 100 inmates. There will be a large steam laundry in the basement. There will be a storage battery plant, high pressure steam plant, and 3 large dumb waiters. The cost is estimated at $150,000, and the building is to be finished by Aug. 1st, 1905. The Andrew J. Robinson Co. of 123 East 23d st, have received the general contract and have issued sub-contracts as follows: Excavating, which is now under way, to Robert Christie & Son, 122 West 29th st; steel work to J. B. & J. M. Cornell Co., 26th st and 11th av; fireproofing, Roebling Construction Co., Fuller building; and electrical work, Clinch Electric Co., 127 East 23d st. The Robinson Co. will do the masonry and carpentry. The site of the building comprises a tract of 90 lots, fronting 425 feet on the east side of the New York Central and Hudson River Railroad Co.'s tracks, beginning 100 feet north of Dyckman st, and extending east to the Bolton road, on which it fronts 350 feet. The whole overlooks the Hudson River. The society was established in 1833, and for twenty years occupied a building in West 25th st. In 1850 it moved to 88th st, between 5th and Madison avs. The next move was in 1893 to 130th st, north corner of Riverside Drive. This, their present location, was sold last year to the House of the Holy Comforter. It was erected by J. C. Lyons at an expense of $80,000, from plans by Ludlow & Chase, of Boston.

(For plans filed see pages 750 and 775.)

Mercantile.

At No. 471 Fifth av a building is rising that is similar in design to the recently completed jewelry store at No. 321 for Theodore A. Kohn & Son. The new structure opposite the Public Library has 5 stories, with a facade in white marble, copper and plate glass. The arrangement of the parts promises to be a model for single plot avenue shops not on corners. The end piers rise the full height of the front, supporting a low stone arch above the first story show-window and the flat cornice at the fifth floor level. Above this is a center ornamental dormer in the receding roof. The space between the piers through the 2d, 3d and 4th floors is occupied by light metal frame work and plate glass. The design provides a maximum of light and a minimum of structural parts, at the same time maintaining a balance between solids and voids and producing an ornamental effect. The chief criticism might be that the deep stone arch over the second story appears to support merely the plate glass windows above. However, it is of use, inasmuch as it makes a base of the first story producing a 3-part composition which without it would be ruined.

BROADWAY, Brooklyn.—J. B. Macduff, with offices at No. 1367 Broadway, Brooklyn, informs the Record and Guide that he has just sold a plot 100x120 feet, at the corner of Broadway and Hancock st, Brooklyn, to Mr. Joseph Williams, of that city, on which he will erect at once a large store building. It is said the sale of the property brought $87,000. So far as can be learned no plans or architect have been chosen.

Dwellings.

52D ST.—Charles Brendon & Co, 500 5th av, owners and builders, are making plans for three 5-sty American basement private dwellings, 17, 18 and 15 feet x 65 feet, respectively,

that they will erect on a 50x100 ft. plot on the south side of 52d st, 75 feet west of Park av. They will be of red brick with white marble trim, be heated by hot air, and will be fitted with combination gas and electric fixtures.

Alterations.

5TH AV.—Albert S. Gottlieb, 156 5th av, has awarded the following contracts for alterations to the jewelry shop at 228 5th av, in the Victoria Hotel: William Kleeman & Co., 619 West 54th st, cabinet work and store front; J. Hartell, 156 5th av, decorating; Muecke & Roren, 12 West 125th st, electrical work. Danour, the present lessee, has sold out to Lucios, of 110 West 34th st, who will occupy the premises after the alterations are finished. An entire new front of ornamental leaded glass will be built and the interior will be completely redecorated. The site is directly opposite that of the proposed New Brunswick Hotel.

Estimates Receivable.

By the President of the Borough of the Bronx, Wednesday, Oct. 14, for fifteen jobs of paving.

By the Department of Water Supply, Gas and Electricity, Wednesday, October 12, for furnishing and delivering iron and brass pipe fittings, valves, tools, etc.

By the Superintendent of School Buildings, Monday, October 10, for sanitary work in public schools Nos. 29, 35, 37, 53, 18 and 30.

By the President of the Borough of Brooklyn, Wednesday, Oct. 19, for twelve items of paving, regulating and grading.

29TH ST.—Plans are complete in the office of T. H. Poole & Co., 13 West 30th st, for the 5-sty brick and concrete school and hall, 75x94 feet in size, which will be erected at Nos. 318 and 322 East 29th st, at a cost of $65,000. Edward P. Southwell, 334 East 29th st, is the owner. No contracts have been issued.

90TH ST.—John A. Hamilton, 32 Broadway, has plans ready for a new 5-sty stable building, 50x93.8½ feet in size, for Matthew Sheedy, of 32 Broadway, same to be situated on the south side of 90th st, 150 feet east of Amsterdam av, at a cost of about $30,000. No contracts have been let.

Contracts Awarded.

10TH AV.—Charles A. Cowen & Co., 1123 Broadway, have obtained the general contract for extensive alterations to the 6-sty factory building on the east side of 10th av, 15th and 16th sts for the National Biscuit Co., on premises. The entrance and driveway on 10th av, will be taken out and rebuilt, and new supports will be installed. W. F. Wilmoth, 1123 Broadway, estimates the cost at $30,000.

5TH AV.—Albert S. Gottlieb, 156 Fifth av, has awarded further contracts on the proposed Knickerbocker building, southeast corner of Fifth av and 16th st, as follows: D. G. Morrison, 373 Vernon av, L. I. City, cut limestone; Great Eastern Clay Mfg. Co., 39 Cortlandt st, structural terra cotta (fireproofing). Other bidders were National Fireproofing Co, John Hutchinson & Sons, and John R. Smith's Sons. The Phœnix Iron Co., 49 William st, have already obtained the contract for the structural steel and will soon proceed with the work. No other contracts have been let.

64TH ST.—S. E. Gage, 3 Union square, has awarded to Cosse & Hurlbert, 1135 Broadway, the contract for extensive improvements to the 4-sty residence, 16 East 64th st, for Charles A. Kittle, of No. 43 Exchange pl.

Ludlow & Valentne, 1 East 27th st, have awarded contracts for a $90,000 residence at Morristown, N. J., for A. F. Hyde, Esq., to the following Morristown firms: Couch & Smith, carpentry; Sturgis Bros., masonry; N. J. Engineering & Constr. Co., electrical work; Oliver Drake Co., plumbing; Wm. Hahn Co., painting; and to John T. Reid, of Newark, the heating. Brinley & Holbrook, 156 5th av, New York, have charge of the landscape gardening. The building, in the style of an English country house, will be of brick and will measure 108x45 ft.

17TH ST.—The Norman Fireproof Construction Co., 412 East 125th st, have received the contract for extensive improvements to the 8-sty store and loft, 16 East 17th st. The work consists of new iron staircases and constructing a fireproof dumbwaiter shaft. Joseph Steiner, 23 Washington pl, is the owner, and Gerber & Zimmermann, of 287 4th av, are the architects.

52D ST.—J. H. L'Hommedieu's Son, 1133 Broadway, has obtained the contract for improvements to the 4-sty building, 133 West 52d st, for F. R. Halsey, of 22 West 53d st. Five new skylights, a new composition roof, windows, bathroom, plumbing, and electric wiring, will be installed. W. E. Schlinger, 1133 Broadway, is the architect.

?Why Is It?

The Question-Marks raised by Common Daily Experience are as Perplexing as they are Numerous.

It is said by Those who have carefully studied the Situation that Very Few Military Improvements, be it in Weapons, Ammunition or Commissariat, are due to the Soldier.

Likewise it has been Pointed Out that Men and not Women have been the real Improvers and Inventors in the Nursery. The Safety-pin, the Stay-fast Hook-and-Eye, the Folding Baby Carriage, etc., etc., were originated by Men, not Women.

We should be sailing still in Noah's Arks if the Problem of Navigation had been confined to the Sailor.

Why is it?

Why is it so difficult even to induce the Soldier, the Sailor and the Candlestick-maker to interest themselves in the Improvements which others, "outside the lines," have Provided for their Use?

Well! Why is it?

Yet, what can the Inventor, of say a Repeating Rifle, do with his Improvement if Military Men are Deaf, Indifferent or Lazy and hold on to the Older and Less Perfect Weapon, rather than Investigate the Value of the New. So with the Ship and the Sailor, and all the Rest.

Progress is halted by "that lazy habit"—the Inertia of the Fellow who simply Doesn't Care and Wont.

No doubt—to Investigate means Trouble. It often means Disappointment. New Ideas don't always Keep their Promises. But what is that but to Admit that, in this as in other matters, You have got to Pay Something to Get Something. Many Improvements do Improve—and so the World and the Fellow who knows, advances.

The Chemist today must, and does, keep abreast of his subject—though he has to reject much of all he reads.

The Engineer, the Doctor, the Lawyer—can any of these Professional Men cease their Constant Interest in anything that concerns their profession?

No! Except by Resigning their Pursuits.

The Leaders of the Architectural Profession, the Big Contractors, all alike recognize the necessity of Investigating New Articles of Construction if they would keep their Buildings Up-To-Date.

The Subject of Greatest Interest Today in the Building World is Fireproofing, and the Last Word on that Subject is to be heard, without trouble to you, by just dropping a line to (and don't wait until about to build)

"HECLA FIREPROOFING"—Patented
The System of Real Fireproofing

The Hecla Iron Works, Brooklyn, N. Y.

Totals of bids opened on Sept. 26 by Louis F. Haffen, Pres. Bronx Boro., for constructing the bridges and approaches over Port Morris branch of the N. Y. & Harlem R. R. in connection with the depression of said branch railroad: M. J. Leahy, $174,259; Snare & Triest, $179,645; P. J. Murray, $225,000; F. V. Smith Contr. Co., $154,741; Century Constr. Co., $155,491; United Eng. & Constr. Co., $178,352; J. J. Hopper, $228,152 and J. Gallo, $195,038.

The totals of the two lowest bids submitted on September 22 for the Public Library stackwork are as follows: The P. J. Carlin Construction Co., 7 Madison av, $734,310; Hecla Iron Works, Brooklyn, $755,950.

Bids were opened by Borough President John F. Ahearn, Oct. 5th: No. 1 for furnishing necessary labor and material for mason, iron, marble, slate, tinning and plastering work, renovating and tiling in the City Hall, Manhattan, as follows: Charles H. Peckworth, 415 Hudson st, low bidder, $14,385. No. 2, for plumbing work and to complete the alterations to the steam heating apparatus. Joseph J. O'Brien, 54 South st, low bidder, $3,600. No. 3, for painting, cabinet and carpenter work, ornamental plaster work, parquet flooring and rugs. Charles H. Peckworth, low bidder, $14,861. No. 4, for installation of electric lighting and ventilating systems. Ralph J. F. Gerstle & Co., 347 East 44th st, low bidders, $4,797.

Miscellaneous.

The Commissioner of Bridges considers that the construction of the stair and elevator towers and power houses for the Blackwell's Island Bridge, on or about Piers 2 and 3, on Blackwell's

Island, would seriously interfere with the erecting of the steel superstructure, involving loss of time to the city and inconvenience to other contractors, and he is taking steps to have the contract for this part of the work modified. A contract was entered into last December with the Williams Engineering and Contracting Company, which was to do this and other work for the sum of $685,000. It is now proposed to cancel the old and make a new contract for $345,000 only, omitting the stair and elevator towers and power houses.

E. A. & W. W. Kent, architects, 1262 Broadway, have received bids from many contractors in this city, Buffalo, Pittsburgh and other cities for erecting a large stone church and Sunday school rooms in Buffalo, N. Y., for the congregation of the First Unitarian Church. Contracts will soon be let.

Something has appeared in the daily press regarding a proposed skyscraper school for the block in Grand st from Norfolk to Ludlow sts. The scheme provides for a 10-sty structure with accommodations for 7,500 or 8,000 pupils. The facts are that no authorization has been given for such a structure. No plans have been drawn for it by the Superintendent of School Buildings, and the probability of its ever being built is small. The site is already occupied by a school building, which will continue to be needed after the structure at Hester, Essex and Norfolk sts is completed. Experience shows that no matter how many new schools are built in this section, the crowding in the older ones does not decrease. It would be an impossibility to house the pupils of the present school on the Grand st site in the new Hester st building during the erection of an entirely new structure on the older site. New sites for new buildings must continue to be provided. The "skyscraper" suggestion was made by Associate City Superintendent Geo. S. Davis at a meeting last week, but the subject continued no further.

157TH ST.—Albert Rothermal, 923 East 183d st, has plans on the boards for a 2-sty fireproof, stable building, 29x100, for the estate of F. Schmidt, to be erected at 580 East 157th st.

Government Work.

Bids will be received by the Supervising Architect of the Treasury Department, Washington, D. C., until October 27, at 3 p. m., for the low-pressure steam-heating apparatus complete in place for the U. S. Post Office and Court House at Greenville, Tenn.; until Nov. 7, at 3 p. m., for the construction (including heating apparatus, electric wiring and conduits) of the U. S. Post Office at Lawrence, Kansas; until Nov. 9, for the construction (except heating apparatus) of the U. S. Post Office at Flint, Michigan, and until Nov. 14, for the construction complete of the U. S. Post Office at Adrian, Michigan, in accordance with the drawings and specification, copies of which may be had of James Knox Taylor, Supervising Architect.

APPROACHES.—Proposals will be received at the Bureau of Supplies and Accounts, Navy Department, Washington, D. C., until Nov. 8, for the construction of approach to the grounds of the U. S. Naval Hospital, Washington, D. C. Drawings can be obtained upon application to the architect, Mr. Ernest Flagg, 35 Wall st, New York.

BUILDING.—Sealed proposals, endorsed: "Proposals for Construction" will be received at the Bureau of Yards and Docks, Navy Department, Washington, D. C., until 11 o'clock, Oct. 29, for constructing an addition to the commandant's quarters, navy yard, New York, N. Y. Plans and specifications can be seen at the bureau or will be furnished by the commandant of the navy yard named.

PORTLAND CEMENT.—Proposals for furnishing 2,400 bbls. Portland cement of American manufacture, with the privilege of calling, at any time before April 1, 1905, for any additional amount up to 10,000 bbls. in 500 bbl. lots as may be required, will be received at the office of the Isthmian Canal Commission, Washington, D. C., until noon, of the 20th day of October. Proposals should be addressed to the Chairman of the Isthmian Canal Commission, Evening Star building, Washington, D. C., and should be endorsed "Proposals to Furnish Portland Cement." General specifications for this cement may be obtained on application to the Secretary of the Commission, Washington, D. C. J. G. Walker, Chairman of Commission.

The contract for the construction of a cutter for the Revenue Cutter Service has been awarded to Rodermond Bros. of Tompkins Cove, N. Y., for the hull at $98,500, and to Pusey & Jones, of Wilmington, Del., for the machinery at $91,297.

John Peirce, New York city, for all classes complete except item 5, $689,700; item 5, $1 per cu. ft. Milford Granite Co., Milford, Mass., item 1, $32,900; 2, $84,750; 3, $32,900; 4, $318,560; 5, 75c per cu. ft.; 6, $84,950; 7, $116,240. Frank F. Graham, Baltimore, Md., item 1, $39,000; 2, $97,000; 3, $40,000; 7, $110,000. Maryland Granite Co., Baltimore, Md., item 1, $41,006; 2, $93,708; 3, $41,006; 4, $358,363; 4, 65c per cu. ft.; 6, $117,797; 7, $129,410.

New Jersey.

MONTCLAIR, N. J.—E. R. North, 9 Maiden lane, New York, is receiving estimates for the erection of a 2-sty shingle frame dwelling, 30x40 feet, for Mr. J. Warneke, of Montclair, to be erected here. The estimated cost is $7,000.

ATLANTIC CITY, N. J.—Clyde S. Adams, 1004 Chestnut st, Philadelphia, has been commissioned to prepare plans and specifications for alterations, additions and remodeling of the Hotel Elberon, at Tennessee and Pacific avs, Atlantic City, N. J. Plans provide for the bringing of the hotel out to the party line, raising the same and building handsome stores on first floor. There will be ten in all, facing on Tennessee and Pacific avs. The building of new porches all around the hotel; also a new kitchen wing will be built and general interior remodeling and improvements will be made. Plans will not be ready for bids for some time.

ATLANTIC CITY, N. J.—A company, of which C. J. Coates worth is Pres., has been incorporated, with a capital of $1,000,000 to erect a convention hall having a seating capacity of about 10,000 persons.

RIDGEWOOD, N. J.—It is reported that an issue of $60,000 school district bonds has been authorized.

JERSEY CITY, N. J.—Colgate & Company, who now own the entire block bounded by York, Greene, Grand and Hudson sts, except the one city lot owned and occupied by William Gross for a saloon on the northwest corner of Grand and Hudson sts, is about to erect another factory building that will cost about $60,000. The New York office of Colgate & Co. is at 55 John st.

In Other Cities.

BINGHAMTON, N. Y.—The Binghamton Society for the Prevention and Cure of Tuberculosis will erect a sanitarium on a plot of 60 acres.

SYRACUSE, N. Y.—Walter McMullin, one of the trustees of the Lynch estate, announces that plans are now being drawn for the big apartment house which he and George C. Cook will erect, as trustees, on the old Lynch property opposite the Snowdon at the corner of James and North State sts. The building will cost $150,000.

MENDON, N. Y.—The Chittenden Power Company of Rutland, let to the Archbold-Brady company of Syracuse, N. Y., the contract for building, at a cost of about $125,000, a power house in Mendon.

LOUISVILLE, Ky.—The Louisville and Nashville Railroad, it is announced, has completed plans for car and engine shops at Louisville that will be, it is said, the largest in the world with one possible exception. The building will be four inches shorter, but will be wider than the largest now erected, and will bring thirteen acres under one roof.

ROXBOROUGH, Pa.—Four and one-half acres of ground at Roxborough, Philadelphia, has been donated to the American Baptist Board by Sarah Parker, upon which a handsome home for colored people will be erected. A leading Philadelphia architect has been commissioned to prepare plans for this home and in a short while bids will be invited.

FRANKFORD, PA.—Herman Miller, architect, Crozer Building, Philadelphia, is working on plans and specifications for a new church for the Second Baptist congregation to be built on Margaret st, near Mulberry st, Frankford, Philadelphia. It will be one story and basement high, 40x75 feet, and will be built of polished black header brick laid in Flemish bond, with polished white terra-cotta trimmings, with an inscription in Mosaic. It will be heated by steam, wired for electricity and contain the usual church furnishings. It will be ready for bids in about one week's time.

PHILADELPHIA, Pa.—It is reported that Thos. Marshall, owner and builder, 708 Provident Building, Philadelphia, will erect an operation of 89 residences at 60th and Spruce sts. They will be two and three stories high, porch front and will be built of brick, with all modern and up-to-date improvements.

SCARSDALE, N. Y.—The erection of a $20,000 school is being considered. Superv. C. T. Secor is a member of the Com. having the matter in charge.

BRIDGEPORT, Conn.—The plans of Meloy & Beckwith, 23 P. O. Arcade, are ready for estimates for a block to be erected on Laurel Court. It will be 41x50 ft, arranged for four families and provided with modern improvements.

NEW HAVEN, Ct.—Richard Williams, 82 Church st, has plans for the proposed church to be built on Chapel st by the St. Louis French R. C. church. It will be a brick structure, about 50x100 ft, with slate roof. It will probably be heated by hot air.

NEW HAVEN, Ct.—From the plans of Brown & Von Beren, 421 Exchange Bldg., the contracts for the block to be erected in Waterbury by the Misses Whittlesey of this city, have been let to the following Waterbury contractors; J. W. Gaffney & Co., mason work; The Tracy Bros. Co., carpenter work; and Barlow Bros. Co., plumbing and heating.

PHILADELPHIA, Pa.—G. R. Kurrie, engineer, has plans for a two-story fireproof addition, 60x102 ft., to the plant of the

John B. Stetson Co., in 4th st, above Columbia av. The cost will be $15,000.

PHILADELPHIA, Pa.—Cramp & Co. are estimating on a seven-story building, 211x70 ft., in Jacksonville, Fla., for the Consolidated Grocery Co.

PHILADELPHIA, Pa.—J. M. Stiteler will erect for D. F. McConnell ninety-five 2-sty porch-front dwellings, each 15x45 ft, on a plot west of 64th st, and south of Westminster av.

ELMIRA, N. Y.—The First Church of Christ, Disciples, will build a $16,700 edifice at South Main and Partridge sts. Rev. Mr. Crawford is pastor. Buff colored brick will be used. Contract is not yet let.

WATERTOWN, N. Y.—Milo L. Cleveland and W. D. Ogsbury will build a large plant in Pleasant st for handling coal, wood and cement.

ROME, N. Y.—Archimedes Russell, 321 The Bastable, Syracuse, N. Y., has prepared plans for a 3-sty pressed brick building 100x50, for stores, offices and apartments. On the second floor there will be a dancing academy. H. H. Cumings has charge of the work.

SYRACUSE, N. Y.—Plans have been prepared by Architect Gordon A. Wright, with Walter J. Cooper, associate architect, for a brick and stone warehouse to be erected at No. 207 Noxon st, by Charles W. Young for the National Biscuit Co. The building will be 34x120 and will cost about $5,000.

SCHENECTADY, N. Y.—The Schenectady Railway Co. will start work on the car shed to be erected at the rear of the present McClellan st barns. The company has awarded the contract to Brown & Lowe, of this city.

PHILIPSBURG, Pa.—At Philipsburg, Centre County, a new high school will be erected at a cost of $55,000.

BEAVER, Pa.—At Beaver, Beaver County, Snitger Bros. will erect a brick store and office building.

JOHNSTOWN, Pa.—At Johnstown, Cambria County, the Lorain Steel Co. will erect additional buildings at a cost of about $100,000.

SHENANDOAH, Pa.—At Shenandoah, Schuylkill County, the First Baptist Church congregation will erect a church. Mr. H. I. Feskett can give information.

FINLEYVILLE Pa.—The First National Bank of Finleyville will erect a building to cost about $10,000. The plans have been prepared by Architect George H. Schwan, 326 4th av, Pittsburgh, Pa.

SHAMOKIN, Pa.—It is stated that two new school buildings will be erected. A proposition to issue bonds to the amount of $84,000 for such a purpose will be submitted to the voters at the next election.

SOMERSET, Pa.—At Somerset a joint company has been organized to erect a theater at West and Patriot sts. The company is composed of P. L. Sasebeer, C. H. Fisher, N. E. Keeper, J. B. Holderbaum and other business men.

HARRISBURGH, Pa.—The Harrisburgh School Board has selected Architect C. Howard Lloyd, 15 South 2d st, Harrisburgh, to prepare plans for the proposed annex to the Technical High School. Dr. William P. Clark is the chairman of the Manual Training Committee and can give additional information.

GALETON, Pa.—At Galeton it is stated that the McClintic-Marshall Construction Co. of Pittsburgh, Pa., have obtained the contract to erect a roundhouse and to equip shops to be erected for the Buffalo & Susquehanna Railroad Co. The cost will be about $300,000.

LITITZ, Pa.—At Lititz, Lancaster County, it is learned that a paper box factory will be erected at a cost of $75,000. Those interested are E. L. Garber and H. H. Crugrich, of Lititz; E. E. Brunner, of York Haven, Pa., and others. The material used will be brick and the main building will be 75x175 feet. It will be equipped with the usual machinery.

WASHINGTON, D. C.—Architects Wood, Dunn & Deming, 808 17th st N. W., Washington, D. C., are preparing plans for an office building to be erected for James F. Mitchell.

BALTIMORE, Md.—Otto G. Simonson and Theodore Wells Pietsch, Hoen Bldg., have been selected to make plans for a large high school building to be erected at North av and Broadway, at a cost of $375,000. Contract will be awarded about Jan. 1st.

BALTIMORE, Md.—The plans of Wyatt & Nolting, 2 East Lexington st, for repairing and altering the St. Paul st front of the court house, have been approved. The appropriation is $150,000.

BALTIMORE, Md.—Ellicott & Emmart, 323 North Charles st, will prepare plans for eleven 5-sty warehouses to be built by James E. Ingram, Sr., on the northeast corner of Hanover and Lombard sts. Eight with a frontage of 22 and depth of 100 feet will face in Hanover st, the other three will face in Lombard st, two will be 24x80, the third, 48x84.

BALTIMORE, Md.—E. D. Preston, 2 East Lexington st; J. J. Walsh & Son, Tatterson & Thuman, J. and S. H. Lamb and John T. Buckley will estimate on plans by Charles E. Cassell & Son for the new edifice for the Church of the Messiah.

BALTIMORE, Md.—Sperry, York & Sawyer, Builders' Exchange Bldg., are working on plans for a brick and stone structure to be erected at 16-18 East Fayette st for the Maryland Bible Society. The building will have a frontage of 55 feet and a depth of about 106 feet. It will be 5 or 6 stories high.

BALTIMORE, Md.—William Lanahan & Son, wholesale liquor dealers, have commissioned Simonson & Pietsch, Hoen Bldg., to prepare plans for a 6-sty warehouse to be erected at 20, 22 and 24 Light st. The new building will be fireproof, and will be provided with all improvements.

BALTIMORE, Md.—Archer & Allen, 3 East Lexington st, are making drawings for two warehouses to be built for the trustees of the Johns Hopkins Hospital, one at Lombard and Frederick sts and the other at Exchange pl and South st. The former structure will be 4 stories, the latter 5.

CHICAGO, Ill.—A manual training and English High School will be erected at 89th and Manistee sts, to cost $300,000.

Of Interest to the Building Trades.

An advertisement in the Record and Guide brings results.

Harry T. Howell, architect, formerly of 138th st and 3d av, has removed to 534 Willis av, corner of 3d av and 149th st.

Ward Wellington Ward, architect, formerly of 156 Fifth av, has removed to No. 18 West 31st st, where he has opened new offices.

Something like a boom in suburban building is on again, after a lull. Some architects are very busy. If it hadn't been for Phil Weinseimer and his Alliance, what a building year it would have been?

The Friday and Saturday filings of plans for projected buildings in the Bronx, last week, touched the extraordinary total of $515,000, of which $474,000 was represented by thirteen costly flats which is some indication that the "North Side" is not to be exclusively a region of cheap development.

M. Fleck, whose plant is at No. 442 Pleasant av, corner of 123d st, manufactures drying frames for roofs, builders' and plasterers' furnaces and all kinds of ash cans. These goods are made in the most substantial manner of the best material, with full weight, and have the call from the better class of builders.

This year bids fair to be the greatest in the history of Philadelphia in the number of dwellings erected. There are in course of erection 4,900 two-story, 604 three-story, 25 four-story and 49 other dwellings, in all 5,587. The aggregate cost of these will be $12,891,050, or nearly 55 per cent. of the entire amount being expended for building construction.

The white marble exterior of the seven-story Tiffany building at Fifth av and 37th st, is about finished, though the structure is far from completion. No windows or doors have yet been placed. The metal work will be finished in verde antique, producing that color effect so successful in the Knickerbocker Trust Co.'s building at 34th st. Inside the firepoofing has been done, and some rough plastering. The building is being erected by C. T. Wills, 156 5th av, from plans by McKim, Mead & White, of 160 5th av. A complete list of contracts was printed in the Record and Guide for July 2, 1904.

The Terry & Tench Construction Co. has commenced the work of erecting about 50,000 tons of street and track viaducts at the Grand Central depot. Among the other contracts now being executed by this company are: A 200-ton lot of beams and columns for the Kings County Hospital and storehouse, Flatbush av, Brooklyn; the Intervale av, engine house, 169th st, Bronx; the framework for Senator Clark's house at 77th st and 5th av; a 700-ton laboratory building at 16th st and East River; a 100-ton police station at 160th st, and a 200-ton extension to the post office building at 170th st, Bronx.

The "Belmont" at 42d st and Park av, has made great progress, the building now being enclosed; that is, the walls are finished and the roof is on. Window and door openings are, however, still blank. On the interior some rough plastering has been done. The structure is distinctive, differing radically in appearance from New York's new immense hotels, the St. Regis and the Hotel Astor. It is nineteen stories high, the first three being in Indiana limestone with ornamental entrance doorways, while the walls above are in Harvard brick with limestone trim. It is finished with a widely projecting copper cornice. Marc Eidlitz & Son, 489 5th av, are the general contractors; Warren, Wetmore & Morgan, of 3 East 33d st, are the architects.

From an artistic point of view the most interesting building in course of construction in this city is J. P. Morgan's library and art gallery in 36th st, East. It is already called by the younger art set "Mr. Morgan's jewel case." It is, indeed, an architectural jewel. Great progress was made during the summer, but not as much as was hoped for and expected, some of the work being tied up by strikes, and the building is still far from completion. The walls of beautiful Tennessee marble of a warm pinkish tone have reached the cornice line, and some of the projecting blocks for the latter are in place. Above this is to be a balustrade. At the entrance, which is recessed, two of the supporting columns are in place. The design is distinctly in the style of the Italian Renaissance at its best. Inside the structural iron and fireproofing are about finished. Two galleries extend around the four sides, the center being open from the main floor to the roof. Messrs. McKim, Mead & White, of 160 5th av, are the architects, and C. T. Wills, of 156 5th av, is the builder.

Following the example of some other large concern, the J. L. Mott Iron Works expects to move its manufacturing departments to Trenton in the course of six months, and what was probably the last picnic of the employees was held last Satur-

day at College Point. A procession was formed at the works (at 3d av and 133d st) at 10 o'clock, and was headed by Jordan L. Mott, accompanied by Borough President Haffen, followed by Augustus W. Mott and Henry Van Atta, the general superintendent. Each shop's crew formed a separate company and was led by its superintendent. They marched to 135th st and Alexander av, up the av to 143d st, to Willis av, to 138th st and then to the river, where the steamer Favorite was waiting to take them to the grove. Dinner was served at noon, after which the games were started.

Myer Hellman, 301 Avenue B, has a squad of men tearing down and removing the old shanties occupying the Broadway block on the west side from 61st to 63d sts—known as the Sunken Village. The plot so long in the possession of squatters, lies in the center of recent activity in building improvements, and it is remarkable that it has remained so long unmolested. The owners, the U. S. Realty & Construction Co., state that they have no building enterprise in view, but that the plot is being cleared through the efforts of the Board of Health and the company's own wish to put the property in shape for improvement. Doubtless it will in time, following the examples of nearby sites, be used for a high-class apartment house.

Questions and Answers.

BUILDING PLANS.

To the Editor of THE RECORD AND GUIDE:

How long are building plans and specifications good in Yonkers? Some say one year. Suppose it was longer. Must I make new drawings and specifications?

Answer.—No limitation.

IT WOULD BE MEAN.

To the Editor of THE RECORD AND GUIDE:

(1) When a broker offers me a price for my property which I consider insufficient, and out of revenge or disappointment he calls the attention of the Tax Department to the fact that it is assessed for taxation at one-third of the price that he offered me, have I any redress? (2) Has the mere fact that someone is willing to give a price any bearing which the assessors are entitled to consider? (3) Does his threat to call attention to it, if I do not accept the price, amount to blackmail?

Answer.—(1) No. (2) Yes. (3) Yes.

A BROKER'S LIMITATIONS.

To the Editor of THE RECORD AND GUIDE:

Will you please give me your opinion on the following question: "A," a buyer, has been offered a house by "B," a broker, say at $35,000, which is quotel as the lowest possible price. "A" fancies the house and is entertaining the same. In the meantime, "C," another broker, offers the house to "A" at $32,000. The lowest price that "B," the first broker, has is $35,000. Should "A" deal with "B" and inform him that the house has been offered to him at $32,000 by "C," or should "A," the buyer, deal direct with "C," the second broker. Is not "B," the first broker, entitled to recognition as being the first party to offer the house and also is not "C" entitled to recognition for his labors in procuring the price much lower?

Answer.—Each broker is limited by the agreement the vendor made with him, and the purchaser can shop in the cheapest market. A broker may well feel aggrieved by the vendor giving another broker a lower selling price, but until he brings a purchaser whom the vendor accepts, we doubt if he has any legal claim to any commission.

Plan to Beautify City of Manila.

Six million dollars will be expended in improving and beautifying Manila. Work will begin immediately on a water-works system to cost $4,000,000 and a sewer system to cost $2,000,000.

Major J. F. Case, engineer of the city of Manila, is now in Washington consulting with Secretary Taft and Colonel Edwards, chief of the Bureau of Insular Affairs. His plans for the water and sewer system of Manila have been approved by Desmon Fitzgerald, the great authority on municipal engineering, who recently returned from a trip to the Philippines.

Congress has made it possible for the Philippine government to issue sufficient bonds to construct the water and sewer systems, and work will begin immediately. The bonds will probably not be issued before January. 1.

Mr. Burnham, the Chicago landscape expert and architect, will go to Manila in a short time to inspect the city and will report plans for its beautification, which is to be accomplished at a cost of $2,000,000 or more. The esteros, or open waterways, are to be straightened and freed of all sewerage, and parks are to be laid out. The walled city is to be preserved and put in first class sanitary condition.

Failure of American iron manufacturers to take any interest in work in the Philippines is a great surprise to Major Case, who has been authorized by Secretary Taft to visit American steel manufacturers and lay before them the advantages of trade in the Orient. German companies are getting all the steel contracts in the islands. The Ayala bridge, a gigantic structure over the Pasig river, is to be built by German contractors.

A Building Exposition.

A permanent exposition of architecture, building and building materials is suggested by the Building Trades Employers' Association Bulletin and the prophecy is confidently made that it will come into existence. The idea is, we take it, to erect a special building, designed in part for exhibition halls and sales rooms, and in part for meeting and club rooms for the Association. The Builders' Exchange of Philadelphia furnishes an example, and Baltimore builders are taking steps at the present time to institute one. There is said to be a real need in New York for a vast permanent sample room for the accommodation of inventors, manufacturers and jobbers in building materials, architects and property owners.

Material Market.

CEMENT TRADE LOOKING UP.

Cement shipments steadily increase, and prices are hardening a little. As between the conditions of midsummer and those prevailing now a decided improvement in the tone of the market is observed locally. Though the fate of the present year has been sealed, the business that remains is expected to put the trade in a good position for next year's campaign, which is believed to hold a recompense for the trying times of the past summer.

The president of a leading company, speaking for the Record and Guide of the steady improvement in trade, remarked: "We know for a fact that in the Lehigh District the combined stocks of all the cement companies on hand at the present time is not equal to the production of the mills for thirty days. The mills that were shut down have started up and those that have been running have been loading on Sundays to get off urgent orders. An attempt to buy cement from three companies elicited the response that there was none that they could sell, their old customers taking all that could be made by them this fall."

An officer of the national association of Portland cement manufacturers gives his views of the national situation in cement in these words: "It is true that the consumer of Portland cement has enjoyed hitherto unheard of low prices this season, for the productive capacity of the country for the manufacture of Portland cement is upon a conservative basis, equal, at present, to 30,000,000 barrels annually, while as yet consumption in the arts this year would probably not exceed 21,000,000 barrels. The endeavor to market the product of all the mills has necessarily lowered the price, and it now having fallen so much below the true cost of production, it, in turn, has eliminated from the market, within the last few months, a number of mills that were overcapitalized, or had too limited a cash surplus to stand the strain. The demand, however, from consumers has continued, with the result that those mills surviving the storm have had extraordinary demands made upon them. The stock of cement on hand September 1 was not over thirty days' manufacture of the whole country. This extraordinary demand for cement is confirmed by the statistics recently sent from Chicago showing that the gain for buildings in the twenty-three principal cities of the country in August, 1904, was 10 per cent over a year ago, and this, despite the fact, that in New York City, on account of labor troubles there, a decrease of 27 per cent was shown. But in St. Louis the increase over a year ago was 16 per cent. In Omaha 199 per cent., Kansas City 64 per cent., and Louisville 111 per cent. This country has been passing through an experience similar to that of Germany, where it was reliably stated that last year one-half of the seventy mills making Portland cement in that country lost in the aggregate $1,000,000, while the other half paid an average dividend of only 5.8 per cent. I do not wish to make an official prediction, but it is more than probable that a very marked advance in the price of cement will be noted in the not far distant future, for all the elements entering into the manufacture of Portland cement, are now on a rising scale. To maintain a fair cost price cement should advance 25 to 35 cents per barrel inside of the next thirty days."

IRON AND STEEL PRODUCTS.

Important orders for structural steel for buildings are expected toward the close of the year, but the tonnage that is coming out now is small and competition keen. The American Bridge Company reports that there has been no important new business, due to the new schedule of low prices, but the general outlook for future orders is believed to be excellent. At present the engineering departments of the railroads are known to have a large amount of bridges and other work planned and ready to put under contract as soon as the financial policy of the roads will warrant the expenditures.

—Some very interesting fire tests to determine the strength and resisting qualities of reinforced concrete floors are being conducted for the Building Department by Professor Ira H. Woolson of Columbia University. One of the tests, which was for a reinforced concrete beam, was made on Friday of last week. Mr. Koen represented the Brooklyn Bureau of Buildings, A. Schwartz the Manhattan Bureau, and Mr. Schaeffer the Bronx Bureau. They all expressed themselves as satisfied with the results obtained so far in the test. The beam was constructed with a steel rod backbone from which prortuded wings or flanges, which were filled with concrete, the whole making a beam one foot square.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NO. 57 CHAMBERS STREET, BOROUGH OF MANHATTAN, NEW YORK, OCT. 1, 1904.

NOTICE TO TAXPAYERS.

NOTICE IS HEREBY GIVEN that the Assessment Rolls of Real Estate and Personal Property in the City of New York for the year 1904 and the warrants for the collection of taxes have been delivered to the undersigned, and that all the taxes on said Assessment Rolls are due and payable on MONDAY, OCT. 3, 1904, at the office of the Receiver of Taxes in the borough in which the property is located, as follows:

BOROUGH OF MANHATTAN, No 57 Chambers Street, Manhattan, N. Y.

BOROUGH OF THE BRONX, corner Third and Tremont Avenues, The Bronx, N. Y.

BOROUGH OF BROOKLYN, Rooms, 2, 4, 6 and 8, Municipal Building, Brooklyn, N. Y.

BOROUGH OF QUEENS, corner Jackson Avenue and Fifth Street, Long Island City, N. Y.

BOROUGH OF RICHMOND, corner of Bay and Sand Streets, Stapleton, Staten Island, N. Y.

In case of payment during October the person so paying shall be entitled to the benefits mentioned in section 915 of the Greater New York Charter (Chapter 378, Laws of 1897), viz.: A deduction of interest at the rate of 6 per cent. per annum between the day of such payment and the 1st day of December next.

ALL BILLS PAID DURING OCTOBER MUST BE REBATED BEFORE CHECKS ARE DRAWN FOR PAYMENT.

When checks are mailed to the Receiver of Taxes they must be accompanied by addressed envelopes with postage prepaid in order to ensure return of receipted bills by mail.

Checks dated Oct. 3 should be mailed to the Receiver as soon as possible after bills have been received by the taxpayer.

DAVID E. AUSTEN, Receiver of Taxes.

CONVEYANCES

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

bers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street or avenue num-

6th.—It should also be noted in section and block numbers that the instrument as filed is strictly followed.

7th.—A $20,000—$10,000 indicates the assessed value of the property; the first figures being for the lot only, and the second figures representing both lot and building. Letter P before 2d figure indicates that the property is assessed as in course of construction.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same only one is given.

Subscribers will find mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found altogether at the foot of this list.

September 30, October 1, 3, 4, 5 and 6.

The Private Branch Exchange System of supplying **TELEPHONE SERVICE** is particularly adapted to the requirements of **LARGE HOTELS** and **APARTMENT HOUSES**

By means of a Private Branch Exchange the general telephone service, local, suburban and long distance, is available in every room and apartment. A complete interior service is also supplied, adding largely to the efficiency, and decreasing the cost of the hotel service proper. No modern Hotel or Apartment House should lack a

Projected Buildings in Other Cities.

(Continued from page 729.)

CLEVELAND, Ohio.—The Building Committee of the Y. W. C. A. has announced that John D. Rockefeller has doubled his gift of $50,000 to the association, enabling it to erect its new building. When Mr. Rockefeller first offered to help the Y. W. C. A. he promised $50,000 if the association would raise $200,000. The time limit expired with the association still $59,230 short and an extension of time to Nov. 1 was obtained. The association has outgrown its present quarters on Euclid av, where it has for some years occupied one of the old-time mansions.

NEW ORLEANS, La.—It is stated that Peter Torre will erect a ten or twelve-story hotel on a site 100x140 feet at an estimated cost of $1,000,000. H. Jordan Mackenzie has prepared plans.

CHICAGO, Ill.—Jenney & Mundie, 171 La Salle st, have completed plans for enlarging the Fort Dearborn building. There will be four stories added to the present structure, also an additional 40 feet on Clark st, making the structure when completed 16 stories, 129 ft. on Clark st and 90 ft on Monroe st, with an entrance from both streets. Cost, $300,000.

ELMIRA, N. Y.—The new Lyceum Theatre at Elmira is to be started at once. The Amalgamated Theatre Building Association of New York City drew the plans. Col. D. C. Robinson is the owner.

AUBURN, N. Y.—Brockway & Taylor of Syracuse have awarded Frank B. Gilbraith, of Boston, the contract for the erection of the new factory building for the Auburn Hame Company in Auburn. The plant will cost $40,000 and is to be completed in two months.

CHICAGO, Ill.—Holabird & Roche, Monadnock block, and Richard E. Schmidt, 172 Washington st, are making competitive designs for the Michael Reese Hospital to be erected at 29th st, and Groveland av. It will be six stories, built in four sections, 81x100 ft, 45x112 ft., 149½x52 ft, 69½x44 ft, respectively, and will cost $500,000.

WASHINGTON, D. C.—The Ontario Apartment House Co., of which Archibald N. McLachlen is president, is having plans repared for additions to the Ontario apartment house, Lanier Heights. The additions will be 6 stories, of brick and stone, thoroughly fireproof. $200,000. Hill & Kendall, Corcoran Building, are the architects.

ROCHESTER, N. Y.—T. E. McGare, secretary of the State commission on lunacy, writes that the following contracts have been awarded in connection with work for the new buildings of Rochester State Hospital: Construction of store house and conduit, bakery and extension to laundry to A. Friederich & Sons Company, of Rochester. Erection of fire-escapes on present buildings to the Harris Safety Company of New York City.

LIMA, Pa.—Henry L. Reinhold, Jr., 430 Walnut st, Philadelphia, has been engaged to prepare plans for a group of buildings, to comprise the County Hospital for the Insane here. The structures will include an administration building 3 stories high, 65x 40 ft., 2 ward buildings 2½ stories high, 50x165 ft., a dining hall and kitchen and a power house, all of stone, and to cost a total of about $150,000. As soon as plans are completed, it is reported that bids for construction will be asked by the Directors of the Poor of Delaware County.

PHILADELPHIA, Pa.—John H. Powers, builder and owner, 737 Walnut st, will erect an operation of 17 residences, at Emerald st, southwest of Tioga st. They will be 2 stories high, 15x 41 feet, and will be built of brick, with all modern conveniences. This will involve a sum of $23,000.

MINERSVILLE, Pa.—The Minersville high school will be enlarged by the erection of an addition from plans prepared by Frank X. Reilly, 8 Center st, Pottsville, Pa. The addition will be two stories, brick and stone, steam heat, etc.

DAWSON, Pa.—At Dawson, Fayette county, Mrs. Sarah Cochran will erect a frame dwelling to cost $12,000. It will have fine interior finish, tile work, open plumbing and all modern conveniences. Also a brick and frame stable to cost $6,000, and an automobile house to cost $1,200.

PITTSTON, Pa.—Koelle, Speth & Co., architects, 608 Chestnut st, Philadelphia, Pa., have been commissioned to prepare plans and specifications for new brewery and power house to be built at Pittston, Pa., for the Alpine Brewing Company. The plant will consist of a 5-sty brew house, a 3-sty stock house, a 1-sty boiler and racking room, a 1-sty wash room, a 2-sty engine and power house. It will also have a refrigerator and ice and electric plants. The proposed building will be built of brick and slow burning construction. It will be ready for bids in about two weeks.

PHILADELPHIA, Pa.—Kendrick & Roberts, Inc., builders, 1211 Walnut st, have obtained the contract to build the new edifice for the St. Andrew's Lutheran congregation, to be built at 6th and Ritner sts. Plans and specification by Geo. E. Savage, architect, 401 Chestnut st.

PHILADELPHIA, Pa.—Charles Fowler, builder, 600 North 8th st, will erect an operation of 52 houses and two stores at 59th and Arch sts. The stores will measure 15x58 feet, and the dwellings 15x54 feet.

CANANDAIGUA, N. Y.—D. W. Saunders has the contract for extensive additions and alterations to the Canandaigua brewery recently bought by H. Schoellkopf.

MORTGAGES.

NOTE—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

JUDGMENTS

In these lists of Judgments the names alphabetically arranged and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency. (*) means not summoned. (†) signifies that the first name is fictitious, real names being unknown. Judgments entered during the week and satisfied before day of publication, do not appear in this column, but in list of Satisfied Judgments.

The Judgments filed against corporations, etc., will be found at the end of the list.

There is something more in "Taylor Old Style" roofing tin than the raw material. It is not a question of how much tin, though that counts. It is making it in the right way that does most.

N. & G. TAYLOR COMPANY
ESTABLISHED 1810
Philadelphia

We do not use Bessemer Steel in the manufacture of any of our Brands of Tin Plate, n t *even our common brands*. The Black Plate used in the "Taylor Old Style" Brand is a special quality to insure absolute durability and has a soft, absorbent surface for that purpose.

"Entered at the Post Office at New York, N. Y., as second-class matter."

Vol. LXXIV. October 15, 1904. No. 1909.

WITH the news of the week favorable for advancing prices the stock market has until Friday, waited. Certain specialties were marked up a few points; but for the most part gains which were made in the morning were lost in the afternoon. Or in other cases losses which took place in the morning were recouped in the afternoon. But this very hesitation must be described as a wholesome change. Manipulation has been less evident than during the immediately preceding weeks. The undertone has been strong. The amount of commission business has been fair, and the bond market has been advancing more rapidly than the stock market. All these facts point to the probability that the present bull movement has not yet run its course. The securities of the industrial companies, for instance, may be further advanced, particularly as soon as it becomes evident that the railroads are really beginning to make purchases of materials more freely. Then, too, it is evident that the coming year is to be a very active one for the building industry, and announcements are again being made of the preparation of plans for new and large buildings—such as the new hotel which is going up on Michigan Avenue in Chicago. Altogether it looks more every day as the country, having paid in 1903 and early in 1904 for the excesses of 1901 and 1902 is about to resume the course of its business expansion.

THE current real estate transactions are breaking all records for their volume. The total for the current week is over 200, which is as large as the largest week which was recorded last spring, and is thrice as large as the transactions of the corresponding week in 1903. At this rate the coming spring will not merely break records, but will be so far ahead of previous years as to constitute a class by itself. The demand is still chiefly for tenements or for vacant property on which tenements can be built; but there is sufficient dealing in other classes of real estate to warrant the expectation that the list of transactions will by the first of the year be as broad as it is long. Four expensive dwellings in the fashionable district, for instance, have been sold during the week, which may mean that the demand for this class of property is improving—as it should improve considering the conditions of things in Wall Street. The fact that the building lock-out drags on is discouraging the consummation of big transactions; but as the length of the fight merely measures the completeness of the victory of the Employers' Association, and the exhaustion of its opponents, it has its good aspects. The arbitration agreement, when it emerges from the present struggle will be something to be reckoned with. There is every reason to suppose that large transactions can soon be undertaken with full conviction that the buildings will be finished on contract time. There is absolutely no flaw in the situation except the continuation of the lock-out and that should soon disappear.

IT will reassure tax-payers to learn that both Mayor McClellan and Comptroller Grout are determined that the Budget for the coming year, which is now being provisionally put together, will not call for an expenditure of over $3,000,000 more than the expenditure for the current year. Indeed, it should be made a fixed rule that the increase in the municipal appropriations should not exceed the increase in the regular income, the increase in the regular income being calculated as the sum of money which will be produced by the same tax-rate from the normal increase in the assessed valuation. It is true that in the past the municipal expenditure has been growing faster than either the wealth or the population of the city has been growing. It has increased by some fifty per cent. since consolidation seven years ago, while population has increased in less than half that proportion. This increase, however, was the result partly of consolidation itself—of the attempt which was made as the result of consolidation to pay the same salaries in the outlying boroughs as were paid in Manhattan. But this process of levelling up the scale of expenditures in the several boroughs to that of Manhattan has been completed; and hereafter it should be a cardinal principle of the Board of Estimate that the tax rate should not be increased. It will certainly go hard with any administration, which makes itself responsible for such an increase. One of the chief reasons of the unpopularity of the Van Wyck regime was that it produced the impression of being extravagant. Now that the assessed valuations are or are supposed to be as near as possible to 100 per cent., the increase in the tax rate measures accurately the increase in the tax-bills, and it was a plain significance, which it never had before. Furthermore the present tax-rate multiplied by the increase in assessed valuations should in the future produce an abundant increase in income, provided the 100 per cent. rule of assessment is equitably enforced. During the next few years the better means of communication with the outlying boroughs will increase enormously the value of vast areas of unimproved property in the Bronx, Brooklyn and Queens. It will not be the case as it has been recently in Manhattan of higher values in restricted districts. Great tracts of territory will be made accessible all at once; population will rush in; and since all this property will be in the way of improvement there can be no objection to assessing it as high as improved property. At present the outlying boroughs cost the city treasury a large proportion of its gross income than they yield; but this disproportion should be repaired within the next five years.

EVERY successive week shows more and more plainly that the long anticipated Washington Heights movement has fairly begun. Of late trading in the Dyckman tract beyond Fort George has been particularly active, and large amounts of property have been purchased with a view to improvement in the spring or sooner. So far it is the building loan operator rather than the builder who is prominent in buying, but as the loan operator necessarily precedes the builder under contemporary conditions, it is fair to infer that the property is all in the way of improvement. Three years ago a rich syndicate of operators secured large tracts of vacant property on the Heights, without, however, buying to any extent in the flat lands beyond. This syndicate has not as yet made any sustained attempt to place its property on the market; but it will doubtless do so within the next few months. Thus all kinds of real estate in all parts of the district will be in the process of mobilization; and it is probable that the new buildings which will be erected there in 1905 will cost between $10,000,000 and $15,000,000. So far during the current year plans have been filed for some 60 tenements and flats to be built on Washington Heights, at a cost of $2,854,000. Plans have also been filed for 26 private dwellings, to be built at a cost of $426,500. Considering that in 1903 only 8 apartment houses and tenements and only 8 dwellings were built in the same district, it will be seen that the movement has already achieved substantial results. The tendency runs thus far in the direction of a cheap type of building. The dwellings will cost on the average somewhat over $15,000 each, and the tenements $50,000. Of the 60 tenements and flats about two-thirds are five-story buildings; but the proportion of six-story buildings is increasing; and it is probable that in another year the prices of property will have so far increased that the six-story type will become almost universal. It looks as if the movement would begin with the activity prevailing chiefly in low-priced tenements; but it will include eventually as diversified a class of buildings as one finds on the West Side. Builders who used to operate in West Side dwellings, but have been recently active on the East Side, will soon take advantage of the opportunities which the Heights will offer.

APROPOS of the attempt of the Tax Department to make the assessed valuation of real property as near as possible to 100 per cent. of the actual value, the records published every week in the Record and Guide make some interesting disclosures. It is rarely possible to make a valid comparison; because almost all the transfers contain only nominal considerations; but when, as is frequently the case, a piece of property is mortgaged for more than it is assessed, either the man who has loaned the money or the man who makes the assessment has been deluded. The most casual inspection of the conveyances published in the last number of the Record and Guide reveals cases which will bear explanation. Thus a stable at No. 133 W. 52d St. was transferred for an expressed consideration

of $45,000, subject to a mortgage of $35,000. Yet it was assessed for only $27,000, which is 40 per cent. less than its selling value and 25 per cent. less than it can be mortgaged for. Another noticeable, but less flagrant case in the same vicinity, is that of the stable at 103 and 105 W. 52d St., which John W. Gates, of Chicago, purchased for $60,600, but which is assessed for only $45,000. We should think that under the circumstances Mr. Gates could afford to pay taxes on an assessment some $10,000 higher. A similar case is that of 157 W. 80th St., a five-story tenement, which is assessed for $28,000, but mortgaged for $30,500. We should like also to call attention to the discrepancy between the prices which Mr. Frederic E. Mygatt has contracted to pay for Nos. 414-424 W. 34th St., and Nos. 411-425 W. 33d St., and the assessed valuation of those properties. The 34th St. lots are assessed at $79,000, but cost $175,000. The 33d St. plot set Mr. Mygatt back $213,000; but is assessed for only $62,500. Doubtless the purchaser paid unusually high prices; but even so, the discrepancy is excessive.

The Truth About the City Advertising.

THE "Evening Post" has been continuing vigorously during the past week the onslaught, which that journal and the City Club recently made upon the manifest abuses, which have crept into the distribution of the City's advertising; and it is well that the attack is maintained, because the abuse still continues, and the defense which is made on its behalf, merely betrays its manifestly vicious character. What the exposure plainly reveals is that it would be far better for the City to abandon advertising entirely and trust exclusively to the publication of official notices in the official "City Record" than to continue its present methods. They are not only farcical from a business point of view, but they can be described in no other terms than as the indefensible and flagrant misappropriation of public funds. The municipal advertising as at present distributed is "graft." It is wholly "graft" and nothing but "graft;" and it is "graft," no matter whether the beneficiary be a daily journal with a big circulation, or a weekly journal, with no circulation at all, and no other apparent reason for existence.

The City's official notices consist partly of announcements to property-owners of street-opening proceedings, of the results of such proceedings in the way of assessments, and of the announcement to contractors that bids will be received for work to be done for the City departments, and for the supplies needed by them. The object of this advertising, as of all other advertising, is to attract the attention of certain classes of people to certain facts and opportunities. In some cases the people whose attention it is wished to attract are a special class, who can be reached best through special trade journals. In other cases the people to be reached are sufficiently numerous to warrant the publication of the advertisements in journals with a more general circulation. Any competent advertising agent—acting for a private firm—would give out the advertising with these conditions in view; and that is just the way in which the City advertising is rarely, if ever, given out. Its method of distribution, without exaggeration, may be compared to that of a dress-maker, who should display her wares in the "Iron Age," or that of cement manufacturer, who should attempt to reach his customers through the medium of the "Horticultural Gazette." As a matter of fact, however, the business as now conducted has an ugly as well as an absurd aspect—as all business has when good money is used to buy doubtful service—or worse. People do not throw away even the money of a city for nothing; and the several hundred thousand dollars, which New York City spends for advertising purposes, is treated frankly as a "plum"—to be divided among faithful adherents.

Neither is this the whole story. We have said that this City's advertising is just as much a matter of "graft," when given to one of our widely circulated daily journals as it is when given to some weekly periodical possessing only a few readers. This is a strong statement; but it can be fairly justified. The City ignores business principles not only in distributing its advertising but in paying for it. What would a large advertiser,such as, say, John Wanamaker think, in case he were asked to pay the same rate for a ten-line notice in a single issue as for ten thousand lines or more spread over a year? The municipality is in just this position. It is one of the largest advertisers in New York; but it makes not the slightest attempt to obtain the benefit of the enormous business it has to distribute. It pays as much as the highest price demanded for a single insertion from a private advertiser, and it continues to pay the same price no matter how many more insertions follow. In the advertising business the City is what is familiarly known as a "Sucker." The head of a department cannot spend one thousand dollars for other kinds of goods without submitting the contract to public competition; but hundreds of thousands of dollars go out in advertising, and no one adopts even the most rudimentary precaution to see that goods of any commensurate value are delivered.

Our newspapers—our decent newspapers—cannot be absolved from responsibility for this state of affairs. It suits their convenience that the City advertising should go by favor, rather than according to business methods. Sometimes the "plums" come their way, and when such is not the case, they preserve a vicious silence about the "graft" in the expectation that their turn may come. In the case of the Brooklyn papers a veritable "combine" exists for the purpose of extorting from the city excessive charges for advertising and dividing the proceeds; and the same description practically applies to Manhattan. The daily newspapers combined in effect to defeat Ex-Mayor Low's ill-considered but well intended initial attempt to put the city's advertising on something approximating to a business basis. It is the Evening Post's honorable distinction that it has been the first and indeed the only daily journal to call attention to the most flagrant aspect of this abuse.

The present Administration has merely accepted an evil of long standing without investigation or any attempt at improvement; and we have no doubt that Mayor McClellan, now that his attention has been called so directly and clearly to the unmistakable nature of the "graft" will take vigorous and effective steps to supply a remedy. Just what the remedy should be is a matter for consideration, but it is possible that, as a high official in the city government has suggested, the sections in the charter relating to the distribution of the city advertising will have to be changed. In any steps, which the Mayor may take in the matter, he will have the support of Comptroller Grout, who throughout his term of office, has stood in this as in other matters, for the application of business principles to the conduct of the city's business. Advertising is as much a matter of business as the building of docks or the granting of franchises; and because its beneficiaries are newspapers, who are so quick to expose the "graft" of other people, there is no reason why it should be distributed otherwise than with an exclusive eye to the value of the service purchased and the price paid for it.

Y. M. C. A. Real Estate Class.

MR. LAWSON PURDY ON THE HISTORY OF REAL ESTATE LAW—MR. NEILL'S OPENING ADDRESS.

The first meeting of the class in real estate, organized by the West Side Y. M. C. A. was held Tuesday evening in the large hall of the association. About five hundred people were pesent, including 180 members of the class. Henry Harmon Neill, the teacher of the class, gave a brief outline of the course which he said would be divided into four parts, as follows: First, the subject matter; second, the methods of the business; third, the tools of the business, and, fourth, the law relating to real estate.

Mr. Neill said that while it had been announced that he was to give an outline of the course to be pursued by the class this winter, that was a thing difficult, if not impossible, to do, for the reason that the class was necessarily an experiment, and would have to feel its way during the first year; the instructor learning much from the members and hoping much assistance in the way of suggestion as to what direction the course should take. The class was fortunate, he said, in having so excellent a list of experts who had volunteered to deliver lectures upon special subjects.

As to the main subject to study for which the class was organized, the speaker thought that it might be roughly divided into four parts: the subject matter, the methods of the business, the tools of the business, and the law of the business. The law governing the holding and transfer of real estate would be dealt with this evening by Mr. Purdy, and some cognate questions would be handled at a later date by Abraham Stern, and probably by others familiar with the real estate field and its legal aspects.

The methods of the business, Mr. Neill declared to be well nigh unteachable. If the six most brilliant and most successful brokers were to come and talk all winter about how they succeeded, they would hardly be able to enlighten the class as to their actual methods of procedure. Perhaps a long course in psychology might help the student, but for the rest, practical experience was the only thing to be depended upon.

The subject matter of the business, said the speaker, was the great city of New York—destined to be the greatest city in the world before those present should have ceased to be real estate brokers, and to be the wealthiest also; he hoped the healthiest, the most beautiful, the cleanest, and, if the progress of the last ten years were to continue for the next twenty, then the best-governed city in the world also. Whether this should be the case or not would be largely influenced by real estate men; a gathering such as this one of 500 real estate men, would unquestionably have more influence upon the future of the city than

that of any of the many other gatherings in session to-night throughout the city.

Mr. Neill then said that thus far he had not made any novel statements, nor any practical ones; that it was not his intention to do so this evening, as others would occupy the attention of the class for the time remaining. He offered a single suggestion, however, for his hearers to consider in the history of the growth of the great city that was their subject matter. Briefly mentioning the printed views that exist of New York city prior to 1800, he pointed out that all of them, beginning with 1630 and coming down through the seventeenth and eighteenth centuries, were taken from the south or the east; that the west side of the city had hardly been thought worth picturing until it was 180 years old.

These facts seemed to contradict, said Mr. Neill, the general impression that the constant tendency of New York was to grow northward only. The real tendency, down to the present, had been to follow a line of growth decidedly east of north. Pearl street was the leading business and social street of the city for many years before Broadway reached any importance. The population of the early days grew along the East River front, along the road to the ferry to Brooklyn. When the city grew larger, Park Row, and not Broadway, was the route by which the north was reached; and Broadway was not extended north for many years after the Bowery had become an important thoroughfare. The tendency of important interests, business, financial and social, to grow to the eastward and to have their centers east of Broadway and east of Fifth avenue in later years, was pointed out.

Whether this tendency toward the east was permanent or not was a question that the members of the class might well consider and talk over at another time, especially in view of the extraordinary movement now in progress at the northwestern end of Manhatten borough, a movement that was difficult to understand.

MR. PURDY'S ADDRESS.

Mr. Lawson Purdy then delivered the address of the evening, upon the history of real estate law. He spoke for nearly an hour and a half on what real property is and the evolution of law relating to real property. He said in part:

"My purpose is to review briefly the history of land tenure by pointing out the most important changes that have taken place in the last thousand years, with special reference to the effect of those changes upon your business. To do this I must first define real property. Property is the right in land or chattels which one owns to the exclusion of others, and property is divided in law into real and personal property. The name 'real property' is derived from the distinction at common law between an action in which if successful the plaintiff recovered the real thing which was the subject of the action, and an action in which the plaintiff recovered damages. The first was called a real action, and the second a personal action. The real action related almost exclusively to land—hence the name real property.

"Real property includes the soil and things fixed to it that can be touched and handled, but there are articles, in their own nature personalty, which have been so annexed to or used with real property as to cause the question to arise as to whether they are real or personal. These articles are called fixtures. There are numerous tests which may be applied to determine whether in the particular case a fixture is real or personal property, and the most important test relates to the intention of the annexation. When the fixture is annexed by a permanent owner, it is presumed to be real estate; thus the presumption is in favor of a fixture being real estate when it is affixed by the owner of the property, and there is a contest between the vendor and the vendee, the heir and the executor or the mortgagee and the mortgagor."

Before entering upon a description of the history of land tenure, Mr. Purdy defined a conveyance, and said that it must be in writing and must be recorded in order that it may be valid as against the claim of a subsequent purchaser, in good faith, for a valuable consideration, from the same vendor. A lease for more than three years is a conveyance and must be recorded, and a lease for more than twenty-one years is in this state taxable to the lessor on the basis of the annual rent capitalized at six per cent. For this reason leases for more than twenty-one years in this city are very unusual. A lease for more than twelve years for agricultural purposes is void.

"Every legitimate business prospers in proportion to general prosperity, and everything that tends to improve any legitimate business will make for general prospeity. The business of the real estate broker and agent is a legitimate business; therefor, everything that improves that business will be for the public good.

"Your natural ambition is two-fold; to earn a good income and to manage your own independent business. It is pertinent, therefore, to consider what may be the conditions that make for your independence and prosperity. Your business has two departments; as agents you make leases, collect rents, and care for property; and as brokers you bring together the buyer and seller.

CHANCES OF SUCCESS.

"As agent your chance of having an independent position depends upon the demand for agents. If the Borough of Manhattan were owned by one man, there would be but one head of the real estate business, and all others engaged in it would be subordinates. It is clear, therefore, that the greater the number of owners the better is your opportunity. It is not sufficient that there should be merely a large number of owners, but it is also necessary that all those who occupy and use real property should be prosperous. For the more prosperous they are the more space they will use, the more valuable will be the opportunity to live here and work here, and the more numerous will be the buildings for you to manage. As broker your opportunity depends upon the number of possible buyers and sellers, and the facility with which they can transfer their property. The greater the number of owners the more sellers there will be, and the more numerous the commissions. A man must work at least two years managing an estate to earn as much as his commission on one sale of the same property.

"Both as agent and broker the conditions of success are diffusion of ownership, prosperity of occupiers, and freedom of transfer.

"Our present laws affecting real estate are the result of a struggle over these three issues, and that struggle will continue for our lives at least. A study of the history of legislation affecting real estate practically includes the history of the race. If we read history as a mere record of the doing of Kings and Parliaments, we waste our time; but if we study it to learn whence we came, whither we are tending, and how the best results may be achieved, we can see in it many a warning of dangers to be avoided and many signs pointing out opportunities to be embraced.

"The history of land tenure as we have it generally commences with a history of the English Norman Conquest, because much of the English Common law is of Saxon inheritance, and our law is the child of the English law and can be understood only in the light of feudal law and custom.

"Before the Norman conquest in England, Englishmen possessed three important rights, of which feudal law deprived them. They had the right to transfer their real property by gift or sale, to dispose of it by will, or to transmit it by inheritance to all their children. Ownership was widely diffused, and much of the land in England was not reduced to private ownership, but was held in common and used in accordance with local custom.

"Twenty years after the conquest of England by the Normans, the feudal system was introduced at the Council of Salisbury. The theory of the feudal system assumed that the sovereign was the owner of all the lands of the Kingdom, and grants were made by him to the barons upon condition that they should perform certain military and other services. The barons made grants in their turn to lords of manors, who parcelled out the land again among their followers. The holder of land was only a trustee, and as such had no power to sell it or to devise it, and his heirs had no right of inheritance. In the course of time it became customary for the heirs to inherit if the grant was to the grantee and his heirs. From this we derive the use of the word 'heirs' in a deed, which was necessary to convey a fee simple even in this state up to the year 1830. Now the common law rule is reversed, and a grant conveys a fee simple unless it is otherwise stated.

"The relation of the grantor and grantee was reciprocal. The grantee owned services in return for the grant, and the grantor owed protection to the grantee, promising to defend him in the peaceful enjoyment of the property. From this we derive our warranty deed—the grantor warranting to defend the rights of the grantee."

Mr. Purdy traced the development of the right to alienate land and the right to devise it, down to the time of the abolition of feudal tenures in 1656, and showed the tendencies produced by custom and legislation which, while freeing the land from feudal restraints, had led to its concentration in a few hands, the enclosure of the common land of the Kingdom, and the impoverishment of occupiers. In conclusion he said:

CONCENTRATION OF OWNERSHIP.

"As progress has been made in England toward freedom of alienation, mistakes have been made which tend to concentrate ownership and pauperize occupiers. In feudal times, as we have seen, practical ownership was widely diffused, there were no taxes, and the common lands were extensive and contributed greatly to the prosperity of the peasants. The abolition of military tenures rendered taxes necessary, and as the landlords controlled Parliament the taxes were placed on occupiers. The common lands were enclosed at a rapid rate, about ten million acres having been enclosed since 1726, until now there are only about 240,000 acres left.

"As unused lands were relieved of almost all taxation, they were firmly held, and the growth of cities has been checked and land has been withdrawn from agriculture to serve as parks for game.

"The ownership of land has become so concentrated that the proper housing of the working classes demands a settlement. In 1885 a Royal Commission recommended the taxation of land values, but no legislation resulted because of the opposition of powerful interests. Action has been taken on socialistic lines in imitation of German cities, which is far less desirable and will be inimical to your business if followed here.

"English cities have recently spent a great deal of money in

building municipal tenement houses, and German cities are going into this business on a large scale.

"Five cities in Germany—Frankfort, Mannheim, Breslau, Magdelburg and Dortmund, own more than half a city lot for every inhabitant, and Strassburg owns more than one and a half city lots for every inhabitant. To equal Strassburg in land ownership, in proportion to population, New York would have to buy 263,000 acres, which is more than its entire area.

"At the present time London is owned by so few people that there is no real estate business there in the sense in which we have a real estate business.

CONDITIONS BETTER IN AMERICA.

"For the last twenty years the City of New York has been wrestling with the tenement house problem, and some people have already urged that the city build municipal tenements. Unless steps are taken along individualistic lines we may be sure that in the near future attempts will be made to follow the example of the English and German cities. Conditions here are better than in the large English cities, in spite of the fact that Manhattan Island is badly shaped for growth.

"Our superiority is due to our better tax system, by which a large part of the burden rests upon the land. In the City of New York we have the greatest real estate values in the world, except for a small portion of London. This small section in London illustrates perfectly the advantage of our system, for that section is very poorly improved because there is no inducement to improve. The tax is fixed by the annual rental paid and not on the capital value of the land. The contrast between the financial district of London and our enormous office buildings in the neighborhood of Wall and Broad Sts. is a striking tribute to the wisdom of those who framed our tax system.

"Your interest is bound up with the interest of the occupiers of real estate, and you will be blind indeed if you permit any further shifting of the burden of taxation from the land to productive industry. A year ago a blow was aimed at your business which did not receive the criticism it deserved. An attempt was made to impose a tax upon every conveyance. It was a small tax, but it was a move in the wrong direction. A tax, no matter how small, which interferes with the free exchange of real property is hurtful, and the time to fight such movements is at their very beginning.

"Old feudal customs still tend to interfere with the free exchange of real estate, and while our title companies have done much to increase the ease and safety of transfer, more may be done by private enterprise and by legislation. I am not here to suggest remedies, but as my last word to you let me impress upon you the necessity, as a pure matter of self interest, for you to keep ever in mind that your business will prosper best when there is the greatest freedom of transfer, the widest diffusion of ownership, and the smallest burden placed upon occupiers."

The next meeting of the class will take place on October 18, when R. M. Hurd will speak on the "Structure of Cities." It is announced that owing to the great size to which the class has grown, more than doubling the expectations of its organizers, it has been decided to hold additional meetings on Thursday evenings during the winter season. These meetings will be for more practical instruction and discussion of current real estate transactions, appraising, etc.

Resolutions on the Death of Mr. O'Hara.

The recent death of Mr. James E. O'Hara, who for more than thirty years was identified with this office, was the subject of official notice at the last meeting of the board of governors of the Real Estate Board of Brokers, in words that will be deeply appreciated and cherished by all those closely bound to him by ties of friendship and long association. The Record and Guide has received the following:

THE REAL ESTATE BOARD OF BROKERS OF THE CITY OF NEW YORK, No. 115 Broadway, New York, Oct. 12, 1904.

To the Record and Guide, 14 Vesey St., New York City:

At a meeting of the Board of Governors of the Real Estate Board of Brokers of the City of New York, on assembling after the summer vacation, October 11, the announcement was made of the death of James E. O'Hara, on the sixth day of August. On motion it was

Resolved, That the Real Estate Board of Brokers of the City of New York note with sorrow the death of James E. O'Hara, which occurred on the sixth day of August, 1904, and they hereby record their appreciation of the sound judgment and business ability which he displayed in his late position on the Record & Guide, and of the loss which is occasioned by his death, recognizing his genial temperament and unfailing courtesy in the discharge of his duties. FRANCIS E. WARD, President.

CHARLES E. SCHUYLER, Secretary.

The site of the future "Hippodrome," the block front on the east side of 6th av from 43d to 44th sts, is a scene of great activity. The plot, which is a large one, measuring 200.7½x 239.10½, was excavated with much labor, as large quantities of rock had to be blasted and removed. The foundation walls have now reached the street level and the first course of granite blocks for the superstructure is being laid. The structural iron work, too, is progressing, the first tier of beams being in place and some of the columns for the second tier. The structure is to be 3 stories high with a balcony. It is estimated that the cost will be $400,000. The New York Hippodrome Co., in which it is said Messrs. Thompson & Dundy, of Luna Park fame, are interested, are the owners. The Geo. A. Fuller Co. are erecting the building from plans prepared by Jay H. Morgan, of the Fuller building.

First Reinforced Concrete Mercantile Building in New York City.

For concrete construction the future seems bright, as it is claimed that a building of concrete can be erected at less cost than any other under metropolitan building laws. The expense to be saved by the abolition of great steel girders and steel frame work generally is no small item in building. The saving of time, freedom from strikes, independence of labor unions, and the protection given against fire, besides the great durability of the material and its sanitary qualities, are all in its favor. A saving of from twenty to thirty per cent is claimed over the steel skeleton frame structure, and it is said that the same force of men, under competent foremen, can execute the work from start to finish, thus freeing it from labor troubles, which have sometimes seriously disturbed building operations.

The first mercantile structure entirely of reinforced concrete to be erected in Greater New York, is now in course of construction in Brooklyn, for the Thompson & Norris Company, manufacturers of corrguated paper and paper specialties, who are now located at No. 2 Prince st. The new building will occupy the southwest corner of Prince and Concord sts, with dimensions of 80x140 feet, will be six stories in height and is estimated to cost $80,000. Beginning with the footings, five feet below the cellar bottom, circular columns will support each story. These columns will have diameters ranging from 28 inches in the basement to 12 inches on the top floor, and will be connected with concrete girders and concrete beams supporting concrete floors.

The concrete columns are reinforced by 1¼-inch square steel rods, set vertically through the columns, and are crossed by a series of steel rods in a horizontal position. The rods are first placed in position and an expanded metal frame, which is the shell of the column, is fitted around the rods. Afterwards the shell is filled up solidly with concrete and after hardening is finished smooth on the surface. The girders supporting the floors are practically of the same construction, composed of solid concrete, with seven 1¼-in. rods so placed in the girder as to take up all of the tension. Special attention is given to the union of these girders with the columns. Resting upon the girders and concrete beams is a row of half-inch bars, seven inches from centers. These bars are placed near the bottom of a 4-inch concrete mass which forms the floor. Special attention has been given to the negative bending, or, in other words, to the reaction of the columns when the floors are loaded.

The method of assembling a building of this construction is very interesting. The girders and floors are formed by depositing concrete into wooden forms temporarily constructed on the columns, the steel rods being already in position. After the concrete is deposited in the molds and has been allowed to set the woodwork is removed. Thus the concrete, which entirely covers this wooden support and fills in the troughs containing the steel rods, forms one solid mass of flooring, girders and beams. The same forms are utilized in laying the girders and floors of the second story and for each succeeding floor, until the building is finished.

The side walls are constructed upon the same plan, with the exception that vertical forms are built up to the height of the story, the corrugated rods placed at intervals therein, and the whole mass of concrete deposited and rammed thoroughly. Wooden forms are also used for the window openings and are replaced by metal window frames. The building will contain concrete stairways and a concrete roof. The best feature of this system of construction is in the fact that the building grows stronger as it grows older. The company will occupy offices on the second story, and the remainder of the building will be used for manufacturing purposes.

Horace I. Moyer, No. 2 Prince street, Brooklyn, is the architect, and the building is being erected under his personal supervision. With him is associated Mr. H. C. Miller, a steel engineer, who represents the St. Louis Expanded Metal Co., who furnish the steel rods. The owners are the general contractors.

The Architectural Record Magazine of June, 1904, tells of The Ingalls Building, the first concrete skyscraper erected in Cincinnati, Ohio, of which Elzner & Anderson, of Cincinnati, were the architects. The first reinforced concrete building erected in Manhattan was the 3-story stable at the corner of Anthony and Tremont avs, Bronx, for Dr. Nathan B. Van Etten, of which Robert W. Gardner, of No. 53 West 33d st. was the architect. (See Record and Guide of December 12, 1903.)

Personal.

H. T. Richardson, of the firm of Richardson, Boynton Company, arrived home on steamer "Staatendam" of the Holland-American line, on September 27, from a European trip of several months' duration.

The Brooklyn Bridge Problem.

MANUFACTURERS, ARCHITECTS, AND OTHER CIVIC BODIES DEMAND RECOGNITION FOR THE POULSON PLAN.—RESOLUTIONS ADOPTED.

One of the hardships connected with life in this metropolis is the crowding, particularly the unnecessary crowding which amounts to barbarity. There is crowding in the home and crowding in the shop. You are crowded when you come and crushed when you go, especially if you belong to Brooklyn. The barbarous conditions at the bridge are not caused so much by the throng and lack of room as by the mistakes made when the terminal was planned. A system that was not used anywhere else was introduced. For the trolley service the sidings are put crosswise instead of lengthwise, as is done everywhere else. It takes up an immense lot of room and makes it very dangerous for passengers by penning them in between moving cars.

For the elevated service the switching is done at the wrong end of the terminal, and the consequence is that more than half of the space is wasted, with three-fourths of the time. Fortunately these two defects can be easily remedied, and if that is done there will be plenty of room as well as time. On the elevated floor a slight modification of tracks and platforms would increase the platform capacity four times; it would increase the time for entering and leaving the cars in like proportion, and there would be nothing to hinder running more trains per hour. The present distressing conditions of the trolley service are easily remedied by simply unloading the cars on the north side and sending them empty on an elevated track to the south side to be loaded.

All this has been explained heretofore by Mr. Poulson, the head of the big Hecla Ironworks, a gentleman of the highest standing in business and society, whose ideas have been taken up and approved by practically all the representative bodies of citizens in the borough, headed by the Manufacturers' Association, and including the Brooklyn League, the Broadway Board of Trade, the Fine Arts Federation, the Brooklyn Chapter of American Architects, and numerous suburban business men's organizations. At a largely attended meeting in the Manufacturers' Building, in Brooklyn, on Wednesday night, at which all these organizations were represented, the bridge problem was again discussed, and in resolutions adopted the Board of Estimate was called upon to appoint a competent and impartial commission to pass upon the now famous Poulson plan and report its findings at a public hearing to be called by the board.

In the course of the meeting, Mr. Charles E. Rowland, chairman of the Manufacturers' committee on bridges and tunnels, who is himself a civil engineer, took the floor and explained to all who were not up in it what the Poulson plan was. The Manufacturers had on previous occasions, as had other societies, fully recommended the plan, which, like John Ericson's Monitor, seems to be the right thing at the right time. In fact, the civic bodies in Brooklyn have taken the plan from Mr. Poulson and made it their own. Any number of plans have been made by eminent engineers in the past seven years to relieve the crush, but nothing has come of them, as they all made the same mistake, in that they all took it for granted that nothing could be done with the old terminal. The resolutions adopted by the meeting were in part as follows:

Resolved, That we call upon the Board of Estimate and Apportionment for the appointment of a competent and impartial commission, to consist of a civil engineer, a practical railroad engineer and an architect; which commission shall meet the committee on bridges and tunnels of this association, for the purpose of discussing the plans which have been before us at this meeting; and for the further purpose thereafter of presenting a report to the Board of Estimate and Apportionment, setting forth the findings of the commission as to the merits and demerits of the plan approved by this meeting, and the plan proposed by the Bridge Commissioner.

Resolved, That at such time as a report is presented by the commission hereinbefore referred to that a public hearing be granted by the Board of Estimate and Apportionment, in order that the fullest publicity may be given to the findings of the proposed commission.

Resolved, That the committee on bridges and tunnels of the Manufacturers' Association is hereby authorized and empowered to employ every legal means at its command for the carrying out of these resolutions, and the bringing about of improved transit facilities between the Boroughs of Brooklyn and Manhattan.

The measure of relief which it is believed this plan would immediately give would be a great public mercy, and yet involving only a small expense and inspired by purely humanitarian motives, and the alteration could be made in a short time and would be in line with any future improvement of the terminal building and the elevated service. That the change would make living in Brooklyn more pleasant and have a good effect upon real estate there need not be said.

Proposed Widening of East 110th Street.

To the Editor of THE RECORD AND GUIDE:

I notice an active building movement on East 110th st (between Fifth and Third avenues), and I am afraid the enterprising builders who are operating on the north side of the street are putting up structures which will lose their faces in the near future, as the movement to widen the street is nearly due; in fact, will be a necessity soon. As 110th st has been widened to the west, with the population sparse, it stands to reason that builders are taking a risk in putting up new buildings.

REAL ESTATE.

"Realty Journal" Again.

STILL PROFITING FROM CITY ADVERTISING.

GETS $1,300 WORTH THIS WEEK—ITS CLAIM TO A CIRCULATION—RECENTLY PUT ON SALE ON NEWSSTANDS—DOES PRINT ADVERTISING FREE AND JUSTIFIES THE PRACTICE—REAL ESTATE RECORDS NOT PUBLISHED.

Advertising business is still fairly active with the New York "Realty Journal," the paper run by Tammany politicians for the purpose, among other things, of getting money from the city treasury. This week it has twenty-one columns, which, at 40 cents a line, cost New York $1,386. Its patronage grows as the busy advertising season approaches. The "Evening Post" recently showed that during the summer the "Realty Journal" got about $3,000 per month out of the city treasury At the present rate, however, it draws somewhere between $4,000 and $5,000. This is more than any one journal has received, it was said today, since Boss Tweed's old "Transcript," a paper which, by virtue of the advertising dodge, plundered the city thirty years ago. Some one makes, it is estimated, at least $25,000 clear profit out of the "Realty Journal"; but the John Doe in the case has thus far eluded the most industrious search.

Whoever it is, evidently fears the loss of the present pap, for, in the latest issue of the "Realty Journal," elaborate efforts are made to establish its respectability and circulation, bolstered up by a wealth of official statements. Nearly all these documents are signed by one "Ray G. Bulmer," evidently the Pooh-Bah of the concern. At times he signs himself "advertising and circulation manager," at other times "business manager." Mr. Bulmer is also a prophet; though not a consistent one. In one place he declares that, within a year his paper will have 12,000 circulation; in another he says it will reach, in the same time, anywhere from 30,000 to 40,000 copies. At present its sworn circulation is 8,000. To prove this, Mr. Bulmer gravely reproduces a letter to the Martin B. Brown Co., printers of the "Realty Journal," ordering 8,000 copies for October; and as gravely reproduces the Martin B. Brown reply, saying that they will do so. Q. E. D.

Mr. Bulmer, as a further proof of his 8,000 circulation, reprints part of his subscription list. He calls it a list of "some of his more prominent subscribers." After reading it, one asks who the inconspicuous ones can be. The list contains about 400 names, not more than twenty-five of which are at all generally known. Only a few important real estate brokers and operators appear on it. That is, on its own showing, the people with whom such a paper should circulate, do not subscribe. The "Evening Post" has run down one column of twenty-nine names, looked up their records in Trow's Directory, with this result.

FRANK H. RUSH, not in directory.
FREDERICK BRINK, liquors.
J. O. ECKERSLEY, assistant engineer.
ALBERT STAKE, real estate.
FREDERICK BERGHANE, not in directory.
WILLIAM A. BORST, not in directory.
PHILIP BASILOTTA, barber.
MARTIN F. NOON not in directory.
JACOB SCHUPIGER, builder.
MARTIN GEICZLER, not in directory.
EMILE VALLANCE, not in directory.
GERALD R. BROWN, real estate.
E. F. AUSTEN, not in directory.
JULIUS HEIDERMAN, lawyer, No. 3068 3d Ave.
ROBERT F. TIGHE, civil engineer.
FRANK GASS, insurance.
H. A. P. HOLLMANN not in directory.
A. C. SLADE, insurance.
JAMES R. PIERSON, real estate.
WILLIAM C. DEMAREST, reporter.
ROBERT H. HASKELL, not in directory.
VICTORIA CREMERS, real estate.
ANDREW BIRCKHARDT, stoves.
ATHERTON & GWYNNE, not in directory.
SAM. GROOCOCK, not in directory.
E. BEVERLY, carpenter.
GEORGE J. KILGURE, not in directory.
CLARK & MORTON, not in directory.
PARKER & WALTON, insurance.

Of these twenty-nine "more prominent subscribers," thirteen are not found in the Manhattan directory. Frank H. Rush and Robert H. Haskell do appear in the Brooklyn directory, but the remaining eleven "prominent subscribers" appear in neither. These twenty-nine names were taken in order from the "Realty Journal's" published list, omitting half a dozen names so common that they appear several times in the directory. This column ought to be a fair sample of the whole.

The present number also prints a list of places where the paper can be purchased, accompanied with this challenge:

As to the circulation of the New York "Realty Journal" through the American News Company, its branches, and the large number

of newsstands in almost every part of the Greater New York, this may be readily ascertained by any who desires to purchase the paper at any one of the stands mentioned in this number.

At a number of the places mentioned the paper has never been heard of. Six newsstands are given, for example, on Columbus avenue, at only two of which is there a copy on sale. At a few places "Evening Post" representatives have found the paper. This is the dialogue that usually ensues:

"Do you know of a paper called the New York "Realty Journal"?

The newsdealer scratches his head; then goes down into his stock and pulls up a copy.

"Do you ever sell this paper?"

"No; not the slightest call for it."

"How many copies do you get?"

"Just one."

"How long have you had it on sale?"

"Just a week."

The charge that the larger part of its advertising is unauthorized and unpaid for the "Journal" practically admits. It says:

As to the statement that the New York "Realty Journal" publishes advertisements free in its columns, the undersigned desires to state, as business manager of the paper, that the New York "Realty Journal" has in certain cases printed an advertisement free of charge, or continued an advertisement for a time after a contract has expired, pursuing the policy which is common with thousands of trade papers and newspapers all over the country. Where there is a prospective advertiser the interest of such party may be often secured by inserting an advertisement gratis, and subsequently having a representative see the party with the view to obtaining a permanent advertisement.

The fact of the matter is that a large part of the advertising in the "Realty Journal" is unauthorized. It prints the cards of some one hundred banks and trust companies, most of them of the highest standing. The "Evening Post" has personally interviewed twenty, not one of which ever authorized its advertisement. The statement that other papers do this may be true. It was one of the chief grievances against the late "Investors' Guardian." How the practice is regarded by trade papers that do not do business this way is shown by the following extract from this week's "Wall Street Summary": "In discussing the methods of fake and guerrilla publications in these columns a few days ago, we referred to the practice those papers have of printing without authority the advertisements of reputable concerns for the purpose of giving a respectable appearance to their sheets, and also that they may use those advertisements as an argument with other advertisers to persuade them to give bona fide orders for their business announcements." Then follows a plea for a new law against this unauthorized use of names.

The worthlessness of the "Realty Journal," from a real estate standpoint, is shown by the fact that it doesn't print even the real estate records. It could, at the worst, clip these out of the daily papers; but it doesn't even take the trouble to do that. It just prints a few, merely as part of its "bluff." This week it prints a list of fifteen mortgages filed last week; actually there were 424. It prints nine transfers, while 279 were recorded.—Evening Post, Oct. 13.

Gossip of the Week.

Speculation in vacant lots in both Manhattan and The Bronx was the feature of this week's market. There were over two hundred sales in both boroughs this week, forty-one being in The Bronx. Ninety-seven of the Manhattan sales were for flats and tenements, twenty dwellings, eight old buildings, and the other thirty-five deals were in vacant property representing two hundred and sixty lots. The Dyckman district and Washington Heights were, of course, the chief centers of activity, there being one hundred and fifty-eight lots disposed of all to speculators. In upper Harlem along the line of the subway there were

fifty-nine lots sold, most of them to builders. Of the forty-one Bronx sales, nineteen were lot deals representing one hundred and thirty lots, a large part of which were to builders.

Building Operations.

No Architect Yet For the New St. Michaels.

34TH ST.—The Church of St. Michael, 408 West 32d st, Rev. John A. Gleeson, pastor, will build a church, rectory and parochial school on a plot of about eleven and a half lots with frontages of 120 feet at 414 to 424 West 34th st, and 162.2 feet at 411 to 425 West 33d st. No architect has yet been commissioned to prepare plans, and the congregation will occupy their present edifice for another year.

High-Class Apartment Houses for Amsterdam Avenue.

AMSTERDAM AV.—John Hauser, 1961 Seventh av, has plans under way for two high-class apartment houses to be built on Amsterdam av. Each will be of brick, stone and terra cotta, will be 6-sty and basement high, and will contain a passenger elevator. One will be on the southwest corner of 122d st, 90.11x90 ft. in size, will cost about $130,000, and will be erected for J. S. Sandler. The other, on the southeast corner of 121st st, will measure 100.11x90; cost, $145,000, and will be built for Samuel Ruth.

West Broadway Improvement.

WEST BROADWAY.—Plans are complete in the office of Franklin Baylies, 33 and 34 Bible House, for the rebuilding of the 6-sty office and storage building at the southwest corner of West Broadway and Franklin st, which will cost in the neighborhood of $85,000. Two stories will be added to the structure, new piers, and supports, girders, walls, columns, beams, and fireproof doors will be installed. No contracts have been let and estimates are now receivable. James S. and William H. Barron, of 23 and 25 Jay st, are the owners.

Another 148th Street Operation.

148TH ST.—Isaac & Henry Mayer, 100 West 119th st, will erect on the north side of 148th st, 100 feet west of 7th av, six 5-sty high class 16-family flat buildings, 37.6x87.11, with all improvements, same to cost in the neighborhood of $228,000. There will be three families on a floor. Light brick, limestone trimmings, steam heat, electric light, tile and marble wainscoting, open plumbing, etc., will be required. Neville & Bagge, 217 West 125th st, are the architects.

More Riverside Drive Improvements.

114TH ST.—Two high-class, 6-sty, 4-family, elevator apartment houses will be erected on a plot 150x100.11 on the south side of 114th st, 135 feet east of Riverside Drive, by Paterno Bros., Inc., of 557 West 183d st, from plans by Schwartz & Gross, of 35 West 21st st, at an estimated cost of $100,000 each. The exteriors will be of Harvard brick, limestone and terra cotta. The interior will be finished in marble, tile and hard wood. The walls will be covered with canvas and decorated in Pompeiian effects. The design will be of the Colonial type, the distinctive feature being the recessed fire-escape courts which is characteristic of the designs of these architects.

(For plans filed see pages 809 and 830.)

Twin for Warren Hall.

MORNINGSIDE AV.—Schwartz & Gross, of 35 West 21st st, are preparing plans for a 6-sty, 6-family, elevator apartment house, 100x126, to be built on the southwest corner of Morningside av and 115th st, for Paterno Bros., Inc., of 557 West 183d st, at an estimated cost of $150,000. The proposed building will be high-class in every particular. It will adjoin the recently completed "Warren Hall," erected from plans by the same architects by Paterno Eros. The new apartment will be similar in design and construction to the finished building. The latter was described in our issue of Feb. 27th. It was completely rented as soon as finished, and has been successfully marketed. The location is a desirable one, being on Morningside Heights, and is almost a new field for apartment houses.

Improvement in East Nineteenth Street.

19TH ST.—Brody, Adler & Koch, 132 Nassau st, are ready to take bids for a 9-sty and basement loft building, 42x85, which they will erect at 40-42 East 19th st, from plans drawn by Sass & Smallheiser, of 23 Park Row. It will be of fireproof construction, with a front of Indiana limestone through the first three stories, and of Harvard brick with limestone trim above. There will be a metal cornice and a large glass area. It will contain one passenger and one freight elevator, steam heat, stand pipes, and probably electric lights. The cost is estimated at $130,000. All contracts will be let separately. The old buildings, 4-sty and basement high-stoop brownstone front, dwellings are now being torn down. Excavating will begin as soon as the site is clear. The site is the only unimproved plot on the block, the remainder of which is occupied entirely by the Sloane building to the west and the American Lithograph Co.'s building to the east.

Apartments, Flats and Tenements.

RIVERSIDE DRIVE.—The 10-sty apartment house to be erected at the south corner of Riverside Drive and 109th st, from plans by Brower & Gayle, 1133 Broadway, will be erected by Paul P. Pugh, individually, and not by Paul B. Pugh & Co., as stated in our last issue.

Kunzer & Fluegel are to build four 2-sty frame tenements and stores 25x69 feet each, on the east side of Woodward av, northeast corner of Woodbine st, at a cost of $15,000.

GLENWOOD LANDING, L. I.—The Nassau Light, Heat and Power Company, of which E. D. Morgan, Clarence H. Mackay, R. Dudley Winthrop, Robert Bacon, Percy Chubb, are stockholders, have filed a bond of $2,000 with the clerk of the village of Glenwood, guaranteeing the completion within eighteen months of a large gas plant at Glenwood Landing. It is learned that the company proposes to establish the plant in connection with its electric light plant now being constructed at Glenwood, and will supply gas to all of the villages in Nassau County, which are now using electricity. The ground to be covered will include Sea Cliff, Glen Cove, Locust Valley, Oyster Bay, Glen Head, Roslyn, East Williston, Mineola, Hempstead, Westbury, Hicksville, Port Washington, Manhasset and Great Neck. The erection of this huge plant will be in addition to the new electric plant.

Of Interest to the Building Trades.

The Standard Sanitary Manufacturing Co. has opened its new show rooms in the "Standard" building, recently completed, at 35-37 West 31st st, and cordially invites inspection of its display of high grade Standard porcelain enameled baths and plumbing fixtures.

It is noticed that the repainting and repairing of a portion of the iron structure of the Brooklyn Bridge is under way. A coat of red lead is now being applied, and the final color will be the same as the new Williamsburgh Bridge. The work is being performed by the Department's own force.

The Voightman Company, manufacturers of fire windows of wire glass and metal frames, have removed their plant to 427 West 13th st, extending through to 430 West 14th st. Their goods, which are made under patent, have been installed in many of the large office buildings, hotels, etc., and are in much favor with insurance companies.

The Expanded Metal Engineering Co., 256 Broadway, New York, has sent the Record and Guide an extremely handsome and artistic catalogue. It is printed on fine paper and is profusely illustrated with half-tone cuts of buildings of all description, sewers, tunnels, etc. The subjects of fireproof and concrete construction are handled in a clear and concise manner, and with the pictures, make the catalogue unusually interesting.

It is said the Pennsylvania Railroad Company intends to improve its facilities in Pittsburgh at an expense of $1,000,000. It is proposed among other improvements to enlarge its terminal station, and within two years it is promised that trains will be running into the Frick building at Fifth av and Grant st, which

was erected by H. C. Frick, some years ago, at a cost of $7,000,000.

Mr. William K. Fertig, long the faithful secretary and treasurer of the Building Trades Association, and in other respects one of its foremost members, having asked to be relieved of some of the details of his duties, the office has been divided. This action was taken at the semi-annual meeting this week. P. K. Stephenson, an associate member, was elected secretary, and Mr. Fertig was made treasurer. The association was reported to be in good condition, and the meeting was thoroughly harmonious.

The following are the permits granted by the Brooklyn division of the Tenement House Department, for the Boroughs of Brooklyn, Queens and Richmond, for the week ending Saturday, Oct. 8th..New buildings: Borough of Brooklyn—brick buildings, 13; frame buildings, 5. Borough of Queens—brick buildings, 6; frame buildings, 4. Borough of Richmond, 0. Total, 28. Alterations: Borough of Brooklyn, 45; Borough of Queens, 0; Borough of Richmond, 4. Total, 49. Total new buildings and alterations, 77.

The new home of the Lambs' Club at 128-130 West 44th st, is making progress. The front wall is up through the 1st story, and ornamental columns are being set at the 2d story level. The material is white marble and red brick. The side walls carrying heavy steel girders are up to the 4th floor level. The building, which is to have 6 stories, is being erected by True & McKeefrey, of 729 6th av and 289 4th av, from the plans of McKim, Mead & White, of 160 5th av.

At the recent meeting of the National Electrical Contractors' Association, held at St. Louis, Mo., September 14, 15 and 16, officers and directors were elected: E. McClearly, 213 Jefferson av, Detroit, Mich., president; W. I. Gray, 804 Sykes block, Minneapolis, Minn., first vice-president; Walter C. McIntire, 506 Commerce st, Philadelphia, Pa., second vice-president; J. P. Coghlin, Worcester, Mass., third vice-president; John R. Galloway, 529 G st, N. W., Washington, D. C., treasurer; W. H. Morton, 44 Whitesbore st, Utica, N. Y., secretary; J. C. Sterns, 255 Pearl st, Buffalo, N. Y., sergeant-at-arms.

The Northern Electrical Mfg. Co., of Madison, Wis., recently shipped to the New York Edison Co., 34 of its variable speed motors operating on the northern two wire field control system. These motors will be directly coupled to blowers for cooling the transformers in the various sub-stations of the company. There were also shipped recently nine small northern motors to be installed in the sub-stations of the Brooklyn Rapid Transit Co. This makes a total of 75 northern motors now in use by the two companies, aggregating 1,500 H. P. A 60 K. W. northern balancing set has been shipped to the New York Edison Co. for the equipment of its Waterside station.

Questions and Answers.

YOU PAY, ALL RIGHT.

To the Editor of THE RECORD AND GUIDE:

I bought property in August, getting title to the same on Aug. 30th. I now find that I have to pay the taxes, though nothing was said about them. Is that right?

Answer.—Taxes in New York City are not confirmed, and do not become a lien on land till the first Monday in October of each year. They are therefore payable by you.

FIVE DAYS' NOTICE.

To the Editor of THE RECORD AND GUIDE:

A friend and client of mine purchased a house containing two stores. There are no leases of record. Rent is paid monthly and receipts are made out for "one month, expiring on (say, Oct. 1, 1904)." Can my client dispossess the tenants of said stores before May next?

Answer.—Yes, upon five days' notice to tenant, if the stores are in New York City or Brooklyn (See Laws of 1889, Chapter 357), Simpson v. Masson, 11 Miscellaneous 351; and if elsewhere the decisions are conflicting as to the necessity of notice, and the length of time to be given by the notice. (See Chaplin on Landlord and Tenant, Section 623). But in no case would the tenancy run to May first.

RIGHT OF WAY.

To the Editor of THE RECORD AND GUIDE:

Crotona avenue, right above 180th street, makes a slight turn to the east, which changes the course of Old Grove street, which went straight out. Now there is a strip which formerly belonged to Grove street remaining between the front of the lot and the street (Crotona avenue), about where this turn is made. This strip is part of Grove street, and therefore belongs to the city. Will you please let me know whether a man would be safe in purchasing such a lot with a strip in front of it, the title to which is not clear? Is there any danger that the owner's outlet to the present street (Cotona avenue) could, under any circumstances, be taken from him, or would the city merely force the owner to purchase it at so much to the square foot?

Answer.—Your purchase of the lot would give you a right of way for access over strip. No one could cut you off from access to your lot, but you could not build upon the strip, and the defect in title would interfere with a sale or a loan on mortgage. The title companies do not ordinarily insure under like circumstances. There are many such cases in the borough of the Bronx.

SOLUTION FOR A PUZZLE.

To the Editor of THE RECORD AND GUIDE:

The following question has been puzzling my friends and myself, who are all in the real estate business: In monthly or yearly lettings, either with or without a written lease, a receipt is usually given for the rent from, say, Sept. 1 to Oct. 1. Now, does the letting expire on the last day of the month at 12 o'clock midnight, or does it expire at 12 o'clock noon on the following first of the month. We have looked in Chaplin on "Landlord and Tenant," and several other books, but cannot find any solution.

Answer.—Where the tenancy expires on May 1st, the courts now recognize a custom to terminate the same at 12 o'clock noon. (See Marsh v. Masterson, 3 N. Y. Supplement, 414; Frost v. Akron Iron Co., 1 Appel. Div. 449.) But where a tenancy expires on any other day, the wording of the lease is very important. As, where a lease was to commence on the first day of May, 1852, and to end on the first day of May, 1862 (decided before above custom was established), it was held to expire at 12 o'clock noon of May 1, 1862. (People v. Robertson, 39 Barbour 1.) While a lease of same premises from May 1, 1856, to May 1, 1862, was held in the same case to expire at 12 o'clock midnight of April 30th, 1862. (See also to same effect Buchanan v. Whitman, 151 N. Y. 253.)

Material Market.

A NEW BRICK YARD.

A report from Hudson, N. Y., says that at the beginning of the brick making season along the Hudson river next year, it is expected that a new brick yard will be in operation in Columbia County, which will be situated above Hudson, midway between the Bartlett yard and that of the Cary Brick Making Co. The new yard will be for a newly organized company, and will be at Priming Hook, a bluff well known to Hudsonians, which extends to the river a short distance above the North Bay, on the Hosford property. Test borings which have been made show a layer of yellow clay on top and beneath this blue clay. The clay is of a superior quality, which has been demonstrated by the tests made and the specimens of brick pressed and baked. The company intends to manufacture 120,000 common brick and 20,000 pressed brick daily.

Manufacturers of common brick have had unfavorable weather to contend against this fall. With one exception, there has been no week when they have made full time. The stormy weather of this week cost them three days of manufacturing. In the market conditions have not changed; the prices are no better for builders. Almost everything in the line of good material is bringing $7.50 by the cargo. Pales are quoted at $5.25 and $5.50.

THE CUT STONE TRADE.

But for the labor troubles, the cut-stone trade would be extraordinarily busy. "If I had any more to do I would be crazy," said a prominent dealer. The pressure of orders comes from Harlem, the Bronx, and Brooklyn. The Bronx is taking a great deal of fine cut-stone, more than would be supposed, as very substantial buildings are being erected there. In Manhattan much stone work is held up by strikes, but at the same time a great deal is being done. Until this week bricklayers have not complained of interference. Small work has been so brisk among the independent contractors throughout the city, that the Alliance strikers have fared better than they otherwise would.

After a final conference between representatives of the Journeymen Stone Cutters' Association and the Employing Stone Setters' Association, all negotiations for a settlement of the stone cutters' strike have been called off. The union wanted to regard the machine stone workers as skilled mechanics under its jurisdiction.

An association has been formed under the name of the "Greater New York Cut Stone Contractors' Association." It has never before been possible to organize effectively, for the reason that the trade has always been divided by jealousies and dissensions, and also for the reason that there has never been a sufficient public opinion to properly sustain and encourage such an association. The firms in the new body are these: A. D. Baird & Co., Barr, Thaw & Fraser Co., William Bradley & Son, Geo. Brown & Co., Carr & Ball, R. C. Fisher Co., James Gillies & Sons, John Heinlein, M. C. Henry & Co., James McLaren, David G. Morrison, New York Cut Stone Co., Norcross Bros., Edwin Shuttleworth, J. J. Spurr & Sons, Waverly Marble Co., B. A. & G. N. Williams.

A bulletin issued by the trade states that as one of the objects of the association is to encourage arbitration and to avoid strikes and lockouts, it has been deemed wise, in order to carry out more effectually these purposes, that all members give a suitable bond to live up to the regulations of the association. It is the expectation that these bonds will not only be a source of strength to the association and create a feeling of security and confidence among its members, but also give the public most complete assurance of the ability of its members to perform any contract which may be awarded to them, and to insure immunity against delays caused by strikes. This association feels certain that in the adoption of a proper system of arbitration lies the solution of the building evils which have heretofore harassed the building trades, and which seem to have reached their culmination. The association is working in perfect harmony and accord with the "Building Trades Employers' Association."

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NO. 57 CHAMBERS STREET, BOROUGH OF MANHATTAN, NEW YORK, OCT. 1, 1904.

NOTICE TO TAXPAYERS.

NOTICE IS HEREBY GIVEN that the Assessment Rolls of Real Estate and Personal Property in the City of New York for the year 1904 and the warrants for the collection of taxes have been delivered to the undersigned, and that all the taxes on said Assessment Rolls are due and payable on MONDAY, OCT. 3, 1904, at the office of the Receiver of Taxes in the borough in which the property is located, as follows:

BOROUGH OF MANHATTAN, No 57 Chambers Street, Manhattan, N. Y.

BOROUGH OF THE BRONX, corner Third and Tremont Avenues, The Bronx, N. Y.

BOROUGH OF BROOKLYN, Rooms, 2, 4, 6 and 8, Municipal Building, Brooklyn, N. Y.

BOROUGH OF QUEENS, corner Jackson Avenue and Fifth Street, Long Island City, N. Y.

BOROUGH OF RICHMOND, corner of Bay and Sand Streets, Stapleton, Staten Island, N. Y.

In case of payment during October the person so paying shall be entitled to the benefits mentioned in section 915 of the Greater New York Charter (Chapter 378, Laws of 1897), viz.: A deduction of interest at the rate of 6 per cent. per annum between the day of such payment and the 1st day of December next.

ALL BILLS PAID DURING OCTOBER MUST BE REBATED BEFORE CHECKS ARE DRAWN FOR PAYMENT.

When checks are mailed to the Receiver of Taxes they must be accompanied by addressed envelopes with postage prepaid in order to ensure return of receipted bills by mail.

Checks dated Oct. 3 should be mailed to the Receiver as soon as possible after bills have been received by the taxpayer.

DAVID E. AUSTEN, Receiver of Taxes.

CONVEYANCES

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street or avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

6th.—It should also be noted in section and block numbers that the instrument as filed is strictly followed.

7th.—A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before 2d figure indicates that the property is assessed as in course of construction.

MORTGAGES.

NOTE. The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the mortgage was drawn, the second the date of filing; when both dates are the same, only one is given.

Subscribers will find mortgages in this list with the wrong block number attached. The block number we give is taken from the instrument as filed.

Mortgages against Bronx property will be found altogether at the foot of this list.

October 7, 8, 10, 11, 12 and 13.
